GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

City of West Valley City

Utah

For the Fiscal Year Beginning

July 1, 2009

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of West Valley City, Utah for its annual budget for the fiscal year beginning July 1, 2009.

In order to receive this award, a government unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications device.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to the GFOA to determine its eligibility for another award.

BUDGET MESSAGE

Budget Message for Fiscal Year 2010-2011

To the Honorable Mayor, City Council and Citizens of West Valley City

It seems that the years are never quiet for West Valley City, and the year in which we celebrated our 30th birthday, was no different. We saw many positive changes in the past year, and faced great challenges here at home, and across the nation. Here are a few of the highlights:

- successful transition of new members of the council and election of the city's seventh mayor,
- completion and opening of UDOT's 3500 South project,
- one of Utah's premiere events, the Days of '47 rodeo was brought to West Valley City,
- completion of the next phase of Valley Fair Mall,
- near completion of UTA's light rail line and intermodal center at City Hall,
- Maverik Adventure stores' new partnership was formed that furthers strengthens a jewel of our city, the former E Center,
- the debt service on city hall and Westridge golf course was paid off,
- economic development efforts resulted in the retention and expansion of such business entities in the city as Cummins Diesel, Cardinal Health, Green River Capital, and Hexcel,
- our public/private relationships also resulted in the attraction of new entities such as the Homeland Security office building in Decker Lake and Lake Park's first hotel with the arrival of Hilton,
- a concerted effort to preserve and improve our existing neighborhoods once again showed progress and sustainability; the city's code violation rate dropped from 43% in 2008 to 21% in 2009; 2010 is projected to show equal or better results.

Along with the many accomplishments that we saw during the year came preparation for continuing that progress well into West Valley City's future. Some of these included:

- securing $11 million dollars of state funding for transportation projects in the city,
- continued successful acquisition of property for the City Center project,
- analysis and design work for the City Center project to be completed by this fall, with marketing in earnest to begin immediately thereafter,
- design and funding for multiple points of improvement at Bangerter Highway intersections improving our city's east and west traffic.

Our accomplishments are many, and our progress is well planned. It is important to remember and keep in mind these positive aspects of the city's portrait, as so many other aspects have been, and will continue to be, mightily challenging us for the foreseeable future.

We are about to begin the third consecutive fiscal year in which we struggle to recover from the recession begun in the market crash of fall 2008. For two years our sales tax revenues have dropped severely. In 2009 we were able to mitigate this with development that was in the pipeline, stopping some planned capital projects, and curtailing operational expenses.

In 2010 we have continued to make those hard efficiency and expenditure decisions. Our general fund expenditure budget this year will be approximately $2,000,000 less than last year's original adopted budget at around $62,254,707. With development slowing, we have further tightened our belts, and I compliment our employees and departments for doing all they can to help the situation. In this past year we once again gave no employee increases. The upcoming year will be the third scheduled without raises. All employees took a week's furlough from winter to spring, we stopped our leave buyback program, instituted a retirement incentive program that 25 employees took advantage of, and left many other positions vacant.

Not only did the employees cooperate positively despite the pain of the burdens they were asked to bear, they gladly and willingly participated in my request for seeking operational efficiencies. From vendor changes that netted us savings in the tens of thousands of dollars, to ideas for recovering overlooked revenue from past years operations in scores of thousands of dollars, to the personnel sacrifices that netted us hundreds of thousands in each instance, our employee group has shown itself as dedicated, mature and organizationally aware once again. It is almost entirely a credit to their efforts that we have maintained the stable service provision we have thus far been able to continue.

In last year's message, I noted that it looked as if it would be the year of economic crisis. I believe that did occur, with the major revenue category slowdowns all coming to a head. This year will be the year of stabilization and hopeful beginning of recovery. Employment figures, consumption statistics, property values, most major economic indicators appear to show early signs of recovery. We have not yet seen recovery in our own revenues, but these macro indicators give us hope that we will begin to see that recovery soon. The caution for us to keep in mind was probably best voiced by Chairman of the Federal Reserve Ben Bernanke in July, who foresaw slow and moderate economic growth, gradual improvements to the unemployment rate, and subdued inflation for several years, while noting that uncertainty in the economy remains "greater than normal."

Planning Sectors of Budget

The planning sector picture for the budget will not be significantly different than last year. **First** to be considered are the ongoing operations of the city. Our priority here is to maintain our operations through the current economy, not allow our services to the residents to suffer, and then be ready to improve them as the economy improves. Our use of cost efficiencies, such as furloughs, as opposed to more drastic measures, such as layoffs, has allowed us to largely maintain our service level position. **Second**, our fund balances continue to be a prime consideration for the financial health of the city. While not making headway to increase our fund balance, we largely were able to maintain our fund balance levels last year, and will strive to do so again this year. **Third**, our revenue picture is vital to overall financial health of the city. Economic development continues to be the focus of our ability to positively affect that picture.

Annual Strategic Plan and Budget Process

The philosophy and policy direction, that enables us to move into a new fiscal year with a clearly understood and agreed upon plan for expending the budget, derives from our strategic planning and budgeting process.

No major changes are planned this year for our strategic plan and budgeting process, which has achieved a satisfactory level of integration. Our budget calendar is published in November, beginning the process. In December, staff members give a mid-year report detailing the state of various operations in the city. In January, the council and city manager meet to discuss these reports and to shape the projects, programs and priority issues of the upcoming budget year. In February, the departments shape a draft expenditure proposal to reflect this direction. These proposals include requested changes to operations termed "program modifications." These can be either one time capital type expenditures, or they can be ongoing service requests. During March and April, management reviews these requests for compliance with the strategic plan and recommends prioritization of them. April and May bring a compilation of the recommended requests in the new budget and tentative approval by the City Council. Depending on the timing of a certified tax rate and whether or not a property tax increase is proposed, final approval occurs in the late spring or summer.

After approval, action items and benchmarks are used to measure progress towards accomplishing the specified goals of the strategic plan. As those benchmarks are reviewed, direction for the next strategic plan and budget cycle develops.

This year's strategic plan includes the same four objectives as identified last year by the City Council. They are; Citizen Development, Community and Economic Development, Public Safety, and Transportation. Under these four objectives are 15 goals. Each goal has specific actions as outlined in programs or projects that the departments undertake. These programs and projects are defined specifically as action items each department addresses or completes during the budget year. These can be found summarized at the end of this section, and detailed in section D, the operating budget.

Objective 1: Citizen Development

Making our citizens better informed, educated and prepared when seeking or understanding municipal and other services, is a primary responsibility of city government. According to our strategic plan objective, facilitating their physical, social, educational, and mental health opportunities is our desire.

We attempt to accomplish this in a number of ways. One effort, that has gained more prominence under Mayor Winder's tenure, is greater levels of interaction with the citizens and media at the political level. This has brought positive attention to the city. Other efforts include recreation programs, coordinating education efforts, building and promoting neighborhood groups,through public relation efforts. Our parks and recreation department provides both physical facilities and programs for exercise and social interaction. The neighborhood services division continues to build, in quantity and quality, the neighborhood groups in the community. Community preservation is shifting a greater focus to educating and seeking new ways to get residents to maintain and improve their properties, to avoid having to go through the code enforcement process.

Arts and culture are areas not often thought of as core municipal services, but are necessary for the development of a well-rounded citizen as well. The Utah Cultural Celebration Center has provided this opportunity for our citizens and the citizens of the state. We're proud to have

this facility in our city, and look forward to the continuing exhibits and performances that add so much to our community.

In an area not traditionally a core service of the city, education, West Valley encourages and participates in two significant organizations. The Community Education Partnership, or CEP, focuses on providing and coordinating other providers of after school programs in the city. This effort provides means for students to learn more in educational areas they may not otherwise have exposure to, and also provides activities for students in an environment to encourage them to not participate in undesirable activities. West Valley's Education committee, more conceptual in nature, is organized to examine and discuss education issues that may be of particular, or unique, importance to our city within the Granite School District boundaries.

Objective 2: Community and Economic Development

We are successful in this area in a way that I don't often see repeated in other municipalities. Our business attraction and retention efforts are highly successful and coordinated, to the point that we get leads from our formal and informal network of contacts on a constant basis. Our organizational links to entities like EDCU are more integrated than they've ever been, and our single point contacts are highly developed. Success in this area is vital, and we constantly look at ways to improve it. The fact that we have such projects as the mall reconstruction still going on when there are almost no other projects of a similar type continuing in the state is a great testament to these efforts.

As mentioned in the noted highlights, our efforts to stabilize, preserve, and measure the effect of our efforts in community preservation are unequalled anywhere, I believe. I have not found any other city that has such a strong policy commitment to maintaining the quality of our neighborhoods, regardless of age or income levels along with an actual measureable program to objectively evaluate the results of our efforts.

Objective 3: Public Safety

Crime rates are stable within the city. Staffing levels have recovered from the difficult times of the middle of the decade, and so I believe we've reached an equilibrium as to our police services. Our challenge now will be improve and push back crime on a significant level, just as we did in our neighborhood quality efforts. Despite the economy, we have efforts in place to improve this, and are continuing to improve and implement them.

Fire services continue to meet expectations as to response in terms of quality and quickness. We continue to maintain our response time benchmark in all but the southwest quadrant of the city. However, we have had significant setbacks to staffing levels in the department this year with a high level of retirements from a similarly aged group of firefighters. The furloughs, lack of ability to staff through PTO cashouts and delayed hiring have led us to a point where over 10% of the department positions currently are unfilled, and an even greater percentage of worker available hours are vacant. We are currently rehiring those positions, and expect to have the majority of them online before the end of the calendar year.

Despite traditional perception to the contrary, and media contribution to that perception, our public safety situation is stable, if not ideal. Our challenge now as a city is to improve on that situation to fulfill the most basic expectation of

any citizen; make them feel safe within the community they call home.

Objective 4: Transportation

While there are many and varied systems and objectives under the heading transportation, perhaps our efforts can be summed up in four basic areas:

- Increasing capacity of the existing systems
- Increasing capacity through new systems
- Maintaining the infrastructure investment that we have
- Increasing public safety through transportation improvements

In this past year we saw a great many projects either be completed or come near to completion. 3500 South from Bangerter to 2700 West is complete and has added greatly to upgrading our traffic system and the look and feel of the area. The LRT (light rail transit) line is approaching construction completion, and within a year will be in operation. Funds are in place for improvements at 4700 S., 3100 S., and soon at 4100 S. Construction of the 7200 West widening project will soon begin. Improvements at Bangerter and 2100 South, and the I-215 interchange will start in the upcoming year. Almost all of this work is a result of state funding. Increasing the traffic capacity of West Valley's system will not cost us in terms of general fund outlay or bonded debt. Credit these projects to the success in our lobbying efforts with the state in this and past years.

We still face great challenges in maintaining the existing system of roadways. Our Class "C" dollars have been stretched further than ever to maintain existing roads, and we don't see expansion of those dollars in the near future. We have had success in garnering federal dollars to rebuild some of our collector roads over the years, but those dollars as well seem to be drying up. We shall have to find new sources of funding to keep up with maintenance demands of our system in the future. Still, our roads from a surface life evaluation standpoint are in good shape at present. We will do our best to find ways to maintain that status.

Budget Process

The West Valley City Budget is created by City Administration then proposed to and adopted by the City Council as a framework or outline of how city resources can best be used to meet the needs of the citizens. The total city budget of just under $104 million represents a limited pool of resources available to meet these needs.

The budget is created by analyzing the needs of the citizens through citizen surveys, feedback from constituents, and the preparation of a strategic plan by the City Council. The City Staff then evaluates the costs of providing services to prepare a forecast of expected expenditure needs in the upcoming year. Revenue projections are prepared by accumulating and analyzing historical data on taxes and fees, analyzing future economic trends both locally and nationally, and examining the effect of current and proposed legislation. This information is then compiled in documentary form and reviewed by the City Manager.

The City Manager evaluates the available resources and needs and then prepares a recommended budget for review and adoption by the City Council designed to meet the strategic objectives of the Council. This recommended budget may include adjustments to revenues through changes in taxes and fees,

and expenditure changes required to balance scarce resources with the priorities identified by the City Council. A detailed time-line is included in the budget document under "Budget Calendar".

Revenue Summary

The largest single area for fiscal activity within the city is detailed in the general fund. There are roughly three areas that the revenues for this budget come from. The first and largest is property tax at a little more than a third of the general fund. Closely following is sales tax at slightly less than a third of the general fund revenue. The increased prominence of the property tax is a change from the past, and directly related to the decrease in sales tax revenues as opposed to increase in property tax. When the economy improves, that situation will probably change again as well. The last third is made up of other sources including utility taxes, court fines, licenses and permits, miscellaneous, and interest, in order of size. Revenue is also usually contributed into the general fund on an annual basis from the fund balance for expenditures on planned capital projects.

Summary and Acknowledgments

Getting through the "Great Recession" has required, and will continue to require, great patience, careful planning, and wise consideration of hard choices that will allow us to survive while positioning ourselves for the continued improvement and growth that has been our city's desire and goal since its inception. Central to this process is having a solid and coherent plan, and staying committed to it. I am committed to the path that thus far has brought us great success in that endeavor. I appreciate the council's support and willingness to commit that you have shown, as well.

Thank you,

Wayne T. Pyle

City Manager

Council Priority Action Summary

The four objectives and fifteen goals and action items below illustrate the council policy direction and the planned efforts to fulfill that direction. In Section D of the budget document, goals and actions are further linked to the benchmarks that will define whether or how well the goals have been met.

Strategic Plan Goals

Citizen Development

1. Identify resources for citizens to assist them in understanding how to improve our community.
    a. Distribute regular news releases
    b. Develop and implement publicity campaigns
    c. Develop and implement education campaigns
    d. Organize and maintain neighborhood groups
    e. Compile, edit and publish monthly newsletter
2. Improve civic awareness and public relations.
    a. Increase public use of Channel 17 through programming and technology upgrades
    b. Increase citizen knowledge on voting and registration process through city website
    c. Increase public awareness of culture and arts through UCCC programming
    d. Provide fire safety education classes at WVC elementary schools
    e. Coordinate child safety presentation at WVC elementary schools
    f. Document, track and reply to citizen contacts through police
    g. Provide community crime prevention education
3. Improve access to City government through the internet.
    a. Promote Request Tracker Use
    b. Promote use of Cityworks Citizen Access Module for code enforcement information
    c. Implement WVCTV as preeminent source of West Valley news and information to citizens

Community and Economic Development

4. Integrate, monitor, and prepare more collaborative partnerships between community oriented policing and code enforcement.
    a. Enhance and integrate partnership between the Police and Community Preservation Departments
    b. Train Customer Service personnel in business licensing and code enforcement issues
5. Preserve residential neighborhoods.
    a. Improve housing stock of existing neighborhoods facilitating incentives
    b. Reduce flagrant building code violations
    c. Publish articles on “minimal acceptable living standards”
    d. Support the enforcement process for building inspection
    e. Maintain neighborhood parks
    f. Maintain neighborhood dumpster program
    g. Maintain storm drain cleaning program
    h. Maintain street sweeping program
    i. Complete West Ridge Golf Course redesign options

6. Enforce ordinances and enhance the City's ability to reduce blight.
    a. Maintain overall percentage of single family dwellings with code violations
    b. Reduce complaints of dogs barking and running at large
    c. Utilize Rental Task Force to reduce police calls for service

7. Accelerate enforcement process for repeat offenders.
    a. Complete personnel, IT and organizational upgrades to ACE process
    b. Develop correlation between repeat offenders and geographic areas

8. Improve and enhance partnerships with existing business.
    a. Visit, identify and resolve issues for 40 of the City's top businesses
    b. Strengthen relationship between PD and business community

9. Accelerate efforts for new business and economic development.
    a. Contact existing and recruit new businesses for retention/expansion issues, or relocation leads within West Valley City
    b. Support economic development projects through long range staff time
    c. Increase new jobs from business development efforts
    d. Increase new capital investment from business development efforts
    e. Increase new sales tax from business development efforts

Public Safety

10. Reduce crime through police efforts, education and involved citizens.
    a. Initiate investigations on drug trafficking organizations
    b. Direct investigation and suppression hours for selected enforcement using overtime
    c. Produce crime maps to identify crime trends
    d. Complete sex offender registration
    e. Undertake and complete projects geared to decrease targeted crime trends
11. Eradicate graffiti.
    a. Eliminate graffiti on major corridors
    b. Support neighborhood abatement and beautification
12. Reduce public safety response times
    a. Maintain response times to emergency (Fire/EMS) calls
13. Reduce speeds in neighborhoods
    a. Continue neighborhood traffic management program (NTMP)
    b. Identify top 10 traffic accident locations and conduct enforcement
    c. Deploy speed trailer in neighborhoods

Transportation

14. Find solutions to east/west traffic congestion.
    a. Progress LRT & Intermodal Center Construction
    b. Monitor travel time on East/West corridors
    c. Begin 7200 West improvements
    d. Begin 1200 West connection

15. Improve and provide curb, gutter, sidewalk and trail systems.
    a. Perform sidewalk repairs
    b. Perform annual sidewalk cleaning & maintenance program
    c. Complete second portion of Cross Town Trail System
    d. Maintain city paved trail system
    e. Complete Lester Street sidewalk project
    f. Begin stormwater billing of commercial customers
    g. Implement CityWorks Maintenance Management System

POLICIES & OBJECTIVES

INTRODUCTION

The Fiscal Year 2010-2011 budget has been prepared in accordance with a number of management and budget policies, each of which has been designed to clarify a specific budget issue or objective. Some of the policies are requirements of the Municipal Code. The budget reflects the financial management actions of the current and previous City Councils.

The main objectives in the development of the budget are: the establishment and preservation of sound financial management for West Valley City; to ensure that the programmatic and service priorities of the City's elected officials and staff are carried out within the various fiscal, and legal constraints imposed on the City. Any modifications or revisions to the total amounts of the department budgets or revenue accounts, must by law, be adopted by the City Council through the budget opening process. Budget opening public hearings occur two times per year, once in January and again in June to revise the current year budget. Both revenues and expenditures may be adjusted, in the City budget, to reflect the most accurate data available to ensure that budgets are not exceeded. City management analyzes budgeted and actual revenues and expenditures to identify any potential concerns or trends. Budget is allocated monthly to each division to ensure that expenses are monitored. Budget transfers are allowable between divisions in the same departments. However, transfers between departments or funds do require a budget opening, approved by the City Council. All Department heads receive a monthly report comparing current budgeted expenses with actual expenses. Both revenues and expenditures are also analyzed monthly by the Finance Department. In this manner, the City can react quickly to any budget concerns.

Revenue estimates are based upon several factors including historical trend analysis, and the continued economic growth and stability within the City and the surrounding areas. Revenue projections are provided by each individual department to the Finance Department. Each Department forecasts their individual revenues and expenses based on the most current information available, economic trends, past historical data, and future expectations. Payroll expenses are calculated by the Human Resources Division in the Administration Department. Finance, in consultation with executive management, determines the estimates for tax revenues. A more detailed analysis of specific revenue forecasting may be found in Section C.

The City's accounting system is organized and operated on a "fund basis." Each fund is a distinct self-balancing accounting entity. Various funds are utilized by the City to account for the proceeds of specific revenue sources that are legally restricted for specific purposes.

The City's annual operating budget is prepared in conformity with Generally Accepted Accounting Principles. Accordingly, the underlying accounting records for general governmental operations are maintained and budgeted using the modified accrual basis for all funds. The basis for accounting also uses the modified accrual methods. The Proprietary (Enterprise) Funds are maintained and budgeted using the accrual basis for budgeting and accounting.

ACCRUAL BASIS

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they became available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

MODIFIED ACCRUAL BASIS

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt-service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

Fund	Type	Basis of Budgeting	Basis of Accounting
General Fund	Governmental	Modified Accrual	Modified Accrual

As part of the budget review process, the City Council reviewed and approved the budget formulating the 2010-2011 Financial Plan.

Each of the following policy statements is organized to include a brief background of the issue being addressed, a concise expression of the policy to be applied to the issue, and a plan of action describing how the policy will be implemented to effectively achieve the budgets objective.

FINANCIAL PLAN

BACKGROUND

It is the goal of the West Valley City Council and City Management to improve the overall planning implementation and performance of the program objectives in the budgeting process. Following the completion of each fiscal year the process is repeated and improved. The City receives a number of fiscal and service benefits from this process. Some of the following are:

- Concentration, development, and budgeting for significant objectives
- A pro-active budget providing for an orderly and structured operating environment
- Promotion of orderly spending patterns
- Providing a budget on monthly allotments that meets the needs of the City's projected cash flow
- A monthly budget allotment system that allows the City to react to revenue shortfalls quickly

POLICY STATEMENT

The City will continue with this financial budget planning system, and will be monitoring the goals set forth in the strategic planning process.

ACTION: Budget Process

The following action elements shall guide the Council and staff in implementing this policy:

- A strategic planning session held with the City Council to give policy direction and program objectives, as they perceive them, to the City Manager
- Recommendation for budget appropriations in the fiscal year by the City Manager and Department Heads
- A review of the actual performance for the current fiscal year by the City Manager and Department Heads with a report from the City Manager to the City Council that includes service program evaluations and proposed revisions to the service program for the next fiscal year
- Mid-year reviews of appropriations and revenues with the City Manager and approval for adjustments (budget openings) as appropriate in the budget amendment
- An adoption of a Tentative Budget on or before the first regularly scheduled meeting of the governing body in May of each year. The Budget Officer shall prepare for the ensuing year on forms provided by the State Auditor and file with the governing body a Tentative Budget for each fund for which a budget is required. The Tentative Budget of each fund shall set forth in tabular form the following information:

  - Actual revenues and expenditures in the last completed fiscal year;

  -Budget estimates for the current fiscal year;

  -Actual revenues and expenditures for the period of six to nine months as appropriate of the current fiscal year.

FINANCIAL PLAN Continued

-Estimated total revenues and expenditures for the current fiscal year;

-The Budget Officer's estimate of revenues and expenditures for the budget year;

This is set forth in 10-6-111 of the Utah Code Annotated.

Each Tentative Budget when filed by the City Manager and the Budget Officer shall contain estimates of expenditures submitted by Department Heads together with specific work programs and other supporting data as the governing body may request. Each Tentative Budget shall be submitted by the City Manager to the governing body and shall be accompanied by a Budget Message which shall explain the Budget, contain an outline of proposed financial policies for the City for the budget year, and shall describe the important features of the budgetary plan. It shall set forth the reasons for changes from the previous year in appropriation and revenue items and shall explain any major changes in financial policy.

- The budget for each fund shall be a balanced budget: The total level of the anticipated revenues shall equal the total of appropriated expenditures. (Utah Code 10-6-110).

- On or before June 22nd of each fiscal year, if a property tax increase is not contemplated the governing body shall by Resolution or Ordinance adopt a budget for the ensuing fiscal year for each fund for which a budget is required under the law. If a tax increase is contemplated the budget and appropriate hearings need to be completed by August 17th of the fiscal year. A copy of the final budget shall be certified by the Budget Officer and shall be filed with the State Auditor within 30 days after adoption.

Budget General Time Line:
(Note: For specifics see Section G: Budget Calendar)

*	Nov.	Review Strategic planning process
*	Nov.	Public discussion on CIP recommendations
*	Dec.	Budget guidelines and instructions are issued to each department
*	Jan.	Update Strategic plan; develop Operations and Maintenance Budget submitted to City Manager
*	Jan.	City Council amends current year budget as necessary
*	Apr.	Proposed budget presented to City Council
*	May	City Council Adopts Tentative Budget
*	May	Public Hearing to consider adoption of the Tentative Budget as the Final Budget, if no tax increase is proposed
*	June	City Council Adopts budget if no tax increase is proposed
*	June	City Council amends current year budget as necessary
*	August	Public hearing prior to adoption of tentative budget as final budget if property tax increase is considered. Council required to adopt final budget.

All Council meetings, including those with budget decisions, are open to the public.

17A-2-1216. Agency budget -- Hearing -- Public inspection -- Agency budget forms -- Copies of adopted budget filed -- Amendment -- Expenditures limited by budget.

(1) Each agency shall prepare and adopt an annual budget for each fiscal year prior to June 22 or for county redevelopment agencies prior to December 15. The fiscal year shall be the same as the fiscal year of the community. The agency shall hold a public hearing on the budget before adopting the budget. Notice of the public hearing shall be published in a newspaper of general circulation within the community at least once, two weeks in advance of the public hearing. The prepared budget shall be made available for public inspection at least three days before the day of commencement of the public hearing. The state auditor shall prescribe the budget forms and the categories to be contained in each agency budget, including, but not limited to, the following:

(a) revenues and expenditures for the budget year;
(b) all legal fees; and
(c) all administrative costs, including, but not limited to, salaries of redevelopment personnel, rent, supplies, and other material

(2) Within 30 days after adoption of the budget, the agency shall file a copy of the budget with the county auditor, the State Tax Commission, the State Auditor, and each property taxing entity affected by the distribution of property taxes pursuant to Sections 17A-2-1217, 17A-2-1247 and 17A-2-1247.5. The budget may be amended during the year by the governing body of the agency, but any amendment which would increase the total expenditures shall be made only after public hearing by notice published as required for initial adoption of each budget. The agency may not make expenditures in excess of the total expenditures established in the budget as it is adopted or amended. This section applies to fiscal years beginning on or after July 1, 1983. 1993

10-6-127. Review of individual fund budgets -- Hearing.

Upon the written request of one of the members of the governing body, or upon its own motion setting forth the reason therefore, the governing body may, at any time during the budget year, review the individual budgets of the funds set forth in Section 10-6-109, for the purpose of determining if the total of any of them should be increased. If the governing body decides that the budget total of one or more of those funds should be increased, it shall follow the procedures set forth in Sections 10-6-113 and 10-6-114 for holding a public hearing. 1979

10-6-128. Amendment and increase of individual fund budgets.

After the conclusion of the hearing, the governing body, by resolution or ordinance, may amend the budgets of the funds proposed to be increased, so as to make all or part of the increases therein, both estimated revenues and appropriations, which were the proper subject of consideration at the hearing. Final amendments in the current year to the budgets of any of the funds set forth in Section 10-6-109 shall be adopted by the governing body on or before the last day of the fiscal year. 1979

10-6-113. Budget -- Notice of hearing to consider adoption.

At the meeting at which each tentative budget is adopted, the governing body shall establish the time and place of a public hearing to consider its adoption and shall order that notice thereof be published at least seven days prior to the hearing in at least one issue of a newspaper of general circulation published in the county in which the city is located. If no such newspaper is published, the notice required by this section may be posted in three public places within the City. 1979

CASH MANAGEMENT & INVESTMENTS

BACKGROUND

The City of West Valley maintains an active cash and investment program that is in compliance with the Utah Money Management Act. The City's investment and cash policies include many self imposed constraints in order to effectively safeguard the public funds involved. Investment income is also derived from unspent bond proceeds and debt reserves held by bond trustees.

POLICY STATEMENT

The City considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. Funds of the City are invested in accordance with the Utah Money Management Act. Excess cash is invested in the Public Treasurer's Investment Fund, which is regulated by the Utah Money Management Council. The City's investment portfolio is managed in a manner to attain a market rate of return throughout budgetary and economic cycles while preserving and protecting capital in the overall portfolio. Investments are stated at fair market value based on quoted market prices.

The City is guided in its investment of idle cash by the following:

- Investments and cash management are the responsibility of the City's Treasurer with advice and direction from the City Finance Director.

- Investments are made in accordance with the Utah Money Management Act guidelines provided by the State of Utah

- The criteria for selecting an investment and the order of their priority are:

  - Safety;
  - Liquidity;
  - Yield.

- Cash flow and future requirements are considered in selecting maturity dates avoiding the need for forced liquidation. The City does not invest in commercial paper, stock, and does not speculate in any way. The Utah State Treasurers Investment Pool is used extensively for investments.

ACTION

All idle City funds are invested each day. The City maintains a zero balance at the local bank. Funds are transferred, at the end of each day, into an investment account which maximizes the City's interest income.

ACCOUNTING AND PURCHASING

ACCOUNTING

BACKGROUND

In developing and evaluating the City's accounting system, consideration was given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: 1) the safeguarding of assets against loss from unauthorized use or disposition; and 2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. It is the City's opinion that the internal accounting controls adequately safeguard the assets and provide reasonable assurance of proper recording of financial transaction. This opinion is substantiated with independent auditor reports that are received on an annual basis. These reports consistently state that the financial statements are presented fairly and the internal controls are in compliance with laws and regulations of State and Federal Government. Any audit findings or concerns are addressed immediately and quickly resolved.

POLICY STATEMENT

Inventories
Inventories are valued at cost, using the first-in first out (FIFO) method. These costs are accounted for using the consumption method.

Capital Assets
These assets have an individual cost of more than $5,000.00 and are recorded at historical cost. Donated capital assets are recorded at estimated fair value at the date of donation. The cost of normal maintenance and repairs, that do not add value the asset or the asset's useful life, are not capitalized (non capital asset).

PURCHASING

BACKGROUND

A purchase order is required for most items purchased by the City. Purchase cards (P-cards) are used for minimal cost purchases. This reduces administrative costs and improves employee efficiency. Authorized individuals, from various City departments, input requisitions on City-owned software to begin this process. These requisitions are reviewed and approved by the Budget/Disbursement supervisor and the Purchasing manager. Any inconsistencies or concerns relating to these requisitions are forwarded to the Finance Director for review. Upon approval, a purchase order is created which encumbers, or obligates, the funds. This allows the funds to be expended. A vendor invoice is subsequently received with the delivered items. Upon invoice payment, the purchase order is removed and the actual expenditure paid, reducing the total funds available to be spent.

POLICY STATEMENT

No items can be purchased unless funds are available. Budget transfers may be made between divisions in the same department if money is available, with exception of the payroll related accounts. No budget transfers are allowed from payroll accounts without City Manager approval. Items that exceed a certain dollar amount require special approval as follows:

Finance Director	$3,000 up to $10,000
City Manager	$10,000 up to $30,000
City Council	over $30,000

RISK MANAGEMENT

BACKGROUND

West Valley City deals with several types of risk:

- Legal
- Interest Rate
- Credit
- Concentration of credit
- Custodial

ADDITIONAL EXPLANATION & POLICY STATEMENTS

Legal-The City participates in a risk management pool which covers all property and liability insurance claims in excess of $15,000, which is the deductible. The City is self-insured up to $400,000 per event/per occurrence for workers compensation claims. In addition safety programs and other measures to reduce loss have been implemented.

Interest rate risk is the possibility that changes in interest rates will adversely affect the fair value of an investment. The City manages its exposure by investing in short term investments, or investments that are matched by anticipated cash flows. The City's weighted average maturity for investments as of June 30, 2009 was less than one year. The City does not make investments with maturity dates longer than planned expenditures.

Credit risk is the risk that an issuer to an investment will not fulfill its obligations. The City follows the State statutes for investments and only invests in investments that are rated A, AA, or AAA by Standard and Poor's or comparable ratings from other investor services. The City also invests in the Utah Public Treasurer's Investment Fund, which currently is unrated.

Concentration of credit risk is the risk of loss attributed to the concentration of a government's investments in a single issuer. The City has no investments with a single issuer that constitute a material risk. A majority of the City's funds are invested with the Utah State Public Treasurer's Investment Fund. This investment fund is administered by the Utah State Treasurer's office and is a diversified portfolio managed according to the Utah State Money Management Act

Custodial credit risk is the probability that, in the event of a bank failure, the City's deposits may not be returned. As of June 30, 2009, $4,409,669 of the City's $4,806,587 balance of deposits was invested in commercial bank sweep investments. These deposits are collateralized by either US Treasury securities or investment grade commercial securities that meet the requirements of the Utah State Money Management Act. Investment custodial credit risk is a risk, that in the event of the failure of a counterparty, the City will not be able to recover the value of its investments. The City maintains custodial accounts at commercial banks that are invested in conservative, low-risk deposit instruments that meet the requirements of the Act.

GRANT ADMINISTRATION & AUDITING

GRANTS

BACKGROUND

The City receives numerous grants and donations from outside parties. Several departments apply for and receive grant funding. A major source of these funds is derived from inter-governmental agreements between the grantor and the City. These monies often cover one-time expenses and frequently continue for several years. The City is continually looking for opportunities for new grants to reduce City operating expenses or to increase City services with minimal financial impact.

POLICY

Grants are only accepted on the condition that the grant terms will be beneficial to the City. Individual departments vigilantly look for and apply for grants. When the City is awarded a grant, a budget opening is completed to allow the spending of the funds. The grant is monitored by the Department that applied for the grant, the Grant Administrator, and a Financial Analyst.

ACTION

The City will proactively seek opportunities to acquire additional grant funding if:

- the terms of the grant will reduce City operating expenses
- grant terms will increase revenues more than expenses
- the grant will benefit the City in both short term and long term
- the grant helps realize goals stated in the strategic plan or strategic objectives

AUDITING

BACKGROUND

The City uses outside and independent auditors to issue opinions on the annual financial statements. The auditors are required to use Generally Accepted Accounting Principles (GAAP) to analyze the veracity and accuracy of the statements. Every few years, the City bids out the auditing process. The duration of the current contract is 5 years.

POLICY

There is no formal policy to choose the audit firm. Contracts with audit firms vary. Several factors are considered in choosing an audit firm including price, competency, and experience in auditing governmental entities.

ACTION

The City will continue to be proactive in using qualified and effective auditors to ensure the financial statements are accurate and presented fairly.

DEBT FINANCING

BACKGROUND

West Valley City has issued debt instruments to fund the majority of its capital projects. The City does have lease revenue bonds that it has issued on major projects. The City has obtained a bond rating of AA from Standard & Poor's in 2009. These ratings are credit enhanced by obtaining bond insurance as available.

POLICY STATEMENT

West Valley City will consider the use of debt financing only under the following circumstances:

- For one-time capital improvement;
- When the useful project life will exceed the term of financing;
- When project revenues or specific resources can be proven to be sufficient to cover the long-term debt;
- For projects that will benefit the citizens of West Valley City;
- Major equipment purchases

Debt financing is NOT considered appropriate for:

- Current operating and maintenance expenses except for issuance of short term instruments such as tax anticipation notes;
- Any purpose that is reoccurring of nature except that is indicated above.

Specific guidelines to debt financing are as follows:

- When considering debt financing, the City staff shall use all resources available to consider, analyze, investigate, and determine the best vehicle for debt financing to select. Resources available to the City staff are recent publications, financial management firms, and bond counsel.
- The City will maintain good communication with bond rating agencies about its financial condition for maintenance of its first rating. The City will follow a policy of full disclosure on every financial report and bond prospectus.

ACTION

West Valley City will consider the use of debt financing where practical within the guidelines of the stated policy. The City has no General Obligation (G.O.) debt. However, the City will consider, from time to time, lease obligations when interest rates prove to be in the City's favor.

DEBT FINANCING Continued

Current Debt Issues	Principal	Interest	Source of Retirement

Total Debt (as of 7/1/10)	117,971,749	44,803,929	

Legal GO Debt Margin:

Assessed valuation	
Primary residential	5,950,772,625
Secondary or non residential	2,181,949,963
Minus tax exempt real property	- 2,677,847,682
Total assessed valuation	5,454,874,906
Reasonable fair cash value	6,818,593,633
Debt limit	General - 4%
4% of reasonable fair cash value (1)	272,743,745
Less outstanding general obligation Bonds (2)	0
Legal GO Debt Margin	272,743,745

Notes: (1) The general obligation bonded debt of the City is limited by the Utah Constitution (Article 14, Section 4) to 8% of the "reasonable fair cash value" of property. Of this percent, a maximum of 4% may be used for general purposes. The remaining 4%, and any unused portion of the 4% available for general purposes up to the maximum 8%, may be utilized for water and/or sewer purposes.

(2) The City has no general obligation bonds which are secured by the general taxing powers of the City and requiring a majority vote of the people. The bonds are secured by the existing revenues of the City.

Source: Salt Lake County Auditor's Office/West Valley City CAFR Report.

DEBT FINANCING Continued

An interpretation of the tables on the previous page indicates that the total City cumulative debt is approximately 149 million. Revenue bonds constitute the total debt, as the City currently carries no General Obligation (GO) debt. Legally the City could issue up to 272 million of General Obligation (GO) debt. Revenue bond limits are regulated by the bond issuers and the terms vary according to the particular bond issuance.

The effects of existing debt levels on current and future operations may reduce the actual expenditures for improvements and/or services by the amount of the debt service payment. The City issues debt when appropriate to purchase equipment and capital facilities to meet the needs of its citizens. In addition, debt is used to renovate and purchase facilities that improve the quality of life in the City and increase economic development. All debt, without exception, was justified and approved by management to maximize future savings and encourage economic development. The City is constantly looking for opportunities to reduce the total debt service through refinancing.

Effects of Long Term Debt upon the Operating Budget

Redevelopment Agency Bond Issue: (Retires FY 2023-2024)

Redevelopment laws allow cities of the first class to use certain revenues for the construction of sports complexes. The City used this tool to help construct the hockey arena (Maverik Center). Debt service has no impact on the General Fund as payments are made from tax increment revenues from the Redevelopment Agency.

	Principal	Interest	Total
2010-11	380,000	282,875	662,875
2011-12	400,000	267,675	667,675
2012-13	415,000	249,675	664,675
2013-14	435,000	231,000	666,000
2014-15	455,000	209,250	664,250
2015-24	3,715,000	983,950	4,715,750

Equipment Lease: (Retires FY 2011-2012)

This debt was incurred to refinance a fire truck lease, taking advantage of decreased interest rates. The General Fund will be impacted by these payments.

	Principal	Interest	Total
2010-11	73,409	5,685	79,094
2011-12	76,198	2,896	79,094

HUD Section 108 note: (Retires FY 2021-22)

These notes were issued specifically for the Harvey Street project, a major crime area that was purchased by the City, with assistance from the U.S. Department of Housing and Urban Development (HUD). The area was razed and new buildings erected. There is no effect on the City as these payments will be paid by revenues from future CDBG (Community Development Block Grant) funds.

	Principal	Interest	Total
2010-11	152,000	131,325	283,325
2011-12	160,000	123,897	283,897
2012-13	168,000	115,825	283,825
2013-14	176,000	106,978	282,978
2014-15	185,000	97,300	282,300
2015-22	1,577,000	345,704	1,922,704

Hale Centre Theatre and Fire Station Refinancing (Series 2006B): (Retires FY 2017-2018)

Both of these bonds were refinanced and combined in 2006 at a savings of 1.9 million dollars to the City over the life of the bond. To simplify, both bonds are combined in this report, even though payments are made by both the Hale Theater and the General Fund, historically 61% and 39% respectively.

Hale Center Bonds:
Bonds were secured to construct a performing arts facility within the City. The debt service has no impact on the general fund as its expenses are paid through contributions from Salt Lake County, rents, and operations.

Fire Station Bonds:
Bonds were sold to construct a new fire station on the western section of our City, where a substantial amount of growth has occurred, and to remodel and refurbish an existing fire station to bring it up to performance standards. Debt service is paid by the General Fund.

	Principal	Interest	Total
2010-11	500,000	190,000	690,000
2011-12	510,000	169,800	679,800
2012-13	575,000	148,100	723,100
2013-14	600,000	124,600	724,600
2014-15	625,000	100,100	725,100
2015-18	2,190,000	223,800	2,332,800

Arena Series 2006A: (Retires FY 2027-2028)

The "Series 2006A" bonds were issued to refund the callable portion of the 2002A Bonds and to pay the debt service for the remaining (non callable) 2002A Tax Exempt Lease Revenue Refunding Bond. This refinancing will save the City over $900,000 over the remaining life of the bond. The 2002A bonds were issued to refinance Series 1996A, which were used to construct the Maverik Center, a "state-of-the art" facility used for a variety of activities from concerts to professional hockey. It was completed in September 1997, and is the home of the Utah Grizzlies professional hockey team. It also served as the Hockey Venue for the 2002 Olympic Winter Games in Salt Lake City, Utah. Impact on the General Fund will be approximately $400,000 per year for 22 years. The remaining debt service is projected to be self funding from lease and operating revenues.

	Principal	Interest	Existing D/S	Net New D/S
2010-11	75,000	1,316,246	1,259,619	2,650,865
2011-12	80,000	1,313,146	1,261,928	2,655,074

Fitness Center: (Retires FY 2019-2020)

Proceeds of this bond were used to construct and furnish the Family Fitness and Wellness Center. The debt service payments have no net effect on the City as revenues from a property tax increase in 1998 should account for the bond payments. These bonds were refinanced in 2009 to take advantage of reduced interest rates, and save $115,000 in principle payments over the first three years.

	Principal	Interest	Total
2010-11	1,035,000	452,376	1,487,376

2015-20	6,945,000	911,750	7,856,750

Redevelopment Agency Bond Issue Series 2005: (Retires FY 2015-2016)

Redevelopment laws permit the City to bond in order to create additional infrastructure in growth areas. These charges (debt service costs) are then passed on directly to the land owners where the improvements were made. There is no fiscal impact on the General Fund.

	Principal	Interest	Total
2010-11	189,719	57,155	246,874
2011-12	197,820	49,054	246,874

2015-21	1,855,000	336,792	2,191,792

Public Safety Building/ Golf Course Bond: (Retires 2021-2022)

These bonds were partially refinanced in 2006, saving the City over $400,000 over the life of the bonds. There still exists a non-callable portion of the bond issue that could not be refinanced. These bonds were originally sold to buy an existing building to accommodate the Public Safety departments and to purchase an existing golf course. The Golf Course will pay 65% of the total bond payment. The other 35% will be paid by the General Fund.

Rolling Stock Lease: (Retires 2012-2013)

This lease was issued by Bank of America to West Valley City in 2007 to finance the acquisition of additional vehicles. The General Fund will make the annual bond payments.

	Principal	Interest	Total
2010-11	674,000	54,392	728,392
2011-12	698,000	30,728	728,728
2012-13	358,000	6,229	364,229

Lease Revenue Bonds: (Retires 2014-2015)

Several components are included in the lease issue. The Sanitation Department was able to purchase waste receptacles with the lease proceeds. The Sanitation Fund will be responsible for $1,176,056 of the debt. C-Roads utilized the proceeds to purchase heavy fleet trucks. The C-Road Fund portion is $480,497. The Ambulance Fund received a new ambulance to service the continual demands of the City. Their share is $112,925 of the total debt. The Fire Department purchased a ladder truck with the lease funds. The funds responsible for the equipment purchases will pay their portion of the annual debt service, with the General Fund only paying for the ladder truck used by the Fire Department,

Animal Shelter/Community Preservation Building Series 2008: (Retires 2023-2024)

A new animal shelter was desperately needed to replace the antiquated shelter. Because the Community Preservation Department had oversight of the animal services division, it was determined to relocate the entire department to a new building. Bond payments will be made entirely from the General Fund.

PROPERTY TAX LEVY AND DISTRIBUTION

BACKGROUND

West Valley City under the 10.6.133 Utah Code Annotated cannot levy a rate higher than .007 of the taxable value of real and personal property. The tax rate is computed by the State and given to the City. Through this tax rate calculation, the City is able to maintain level property tax revenues, regardless of property value fluctuations.

POLICY STATEMENT

Before June 30th of each year, or August 14th in the case of a property tax rate increase, the governing body of the City at a regular meeting or special meeting called for that purpose shall by Ordinance or Resolution set the real and personal property tax levy for the various municipal purposes. The levy may be set at an appropriate later date with the approval of the Utah State Tax Commission (Utah Code Annotated 10-6-118).

ACTION

Revenues received from fiscal year 2010-2011 budget from property taxes shall be distributed in the following manner in accordance with the resolution adopted by the City Council: General Fund -100%

WEST VALLEY CITY TAX RATE HISTORY

West Valley City Valuations

YEAR	ASSESSED VALUE	MILL LEVY	TAXABLE VALUE	TAX RATE
1991			1,888,220,753	.001926

2004			4,095,063,041	.002694
2005			4,358,123,760	.002527
2006			4,990,823,888	.003701
2007			5,835,166,222	.003194
2008			6,278,000,341	.003171
2009			5,630,363,745	.003604
2010			5,707,939,322	.003644

*Effective January 1, 1992. Property required to be registered with the Department of Motor Vehicle is subject to a 1.7% uniform fee instead of the ad -valorem tax. The reduction of taxable value in 1992 is because of this change.
**Increase due to re-evaluation of all property by the State Tax Commission. Consequently this created a reduction in the Tax Rate.
***A public hearing was held on September 10, 1998, and Ordinance 98-66 was passed to increase the certified tax rate by .00545 to generate funds for a Community Fitness and Wellness Center.
Source: Utah State Tax Commission

PARK IMPACT AND USER FEES

BACKGROUND

Impact Fees:

City Code adopted in 1983 requires payment of park impact fees. This fee was instituted to help provide for open space and recreational facilities. The fees are used to acquire property and develop parks in newly developing areas of the City. In 1997, and most recently in 2003, the City reviewed and restructured the impact fee assessment because of the enormous growth that was occurring.

User Fees:

Parks and Recreation collects a user fee for reservations and use of park pavilions, sports fields, and other open space use. Part of the park pavilion reservation fees are refunded if the user leaves the pavilion clean.

Fees are assessed for use of the Family Fitness Center located in Centennial Park. The fees are for yearly passes, daily use, or punch passes.

Several private youth sports leagues operate on City facilities. They provide a valuable service to the youth of the community. Often the private leagues will provide service projects in lieu of paying a field use fee.

POLICY STATEMENT

The Parks and Recreation Department shall collect park impact fees in accordance with City Ordinances and at the rate designated in the consolidated fee schedule.

- A fee and cleaning deposit are required to reserve a pavilion at City park facilities as designed in the consolidated fee schedule. The fee is $25.00 and the cleaning deposit is $25.00 for a total of $50.00. The cleaning deposit is refunded, if the facility is left in a clean condition.

- Sports leagues providing recreational opportunities to West Valley youth and meeting City Standards may be allowed to use available City facilities at no cost. Such leagues are encouraged to maintain and improve the facilities they use and participate in service projects to improve the facilities

- The West Valley Family Fitness Center shall charge user fees for the use of the facility. Fee structures are reviewed and revised by staff before they are presented to the City Manager for approval.

STRATEGIES

The strategy for this fiscal year is to continue with current policies, making changes as needed.

FINANCIAL RESERVES

BACKGROUND

- General Fund Reserve: The General Fund is allowed to accumulate up to 18% of its total estimated revenue in a fund balance. Any fund balance in excess of 5% of the total revenues of the general fund may be utilized for budget purposes. If the fund balance at the close any fiscal year exceeds the amount permitted under this law, it shall be appropriated in the normal budgeting process. Reference is Utah Code Annotated 10.6.116.

- Risk Management Reserves: The City is currently reserving the amounts recommended by the Risk Manager and substantiated by operating experience the previous year.

- Compensated Absence Reserves: West Valley City is currently reserving at the end of the fiscal year, funds for the vested rights employees have at the end of the fiscal year on compensated absences. The City's Personnel Policy does restrict the amount of time allowed to accumulate in those areas.

- Bond Reserve Requirements: West Valley City currently reserves for the amounts required by the bond documents for each of the bonds issued by the City.

POLICY STATEMENT

All reserves set up by the City will not necessarily accrue interest to that fund. Earned interest may be applied to the general operations of the City. Capital replacement reserves maintained for the Golf Course will be estimated based on the replacement life of the capital interest. Earned interest will be accrued on these reserves and used in the general operations of the Golf Course. Other capital reserves, such as park impact fees, will earn interest and accrue to each of those reserves to offset the future capital expenditures.

ARTS AND CULTURAL PROJECTS

ARTS COUNCIL

The Arts Council was created to play an essential role in the cultural foundation of the City. It strives to bring the citizens of West Valley quality arts and cultural programs in the form of theater, music, dance, literary and visual arts, and cultural expression. It is a volunteer based advisory board to the City Council to promote the arts for the betterment of the City and its residents and to enhance the quality of life in the City. It was funded with budget authority from the City Council in June of 1991.

West Valley City will fund needs for the arts and cultural activities in the City through the Arts Council including, but not limited to the following:

- The Arts Council will actively produce and carry out arts and cultural programs.
- The Arts Council will expend funds to generally support the production, advertising, promotion, and execution of arts and cultural programs of its own.
- The Arts Council will encourage other organizations in their expression of the arts in the City through direct and/or indirect support.
- The Arts Council will advise the City Manager about the arts and cultural needs of the City.

It is the strategy of the Arts Council to create a “home for the arts” in West Valley City and to create a method to fund a part-time position. A part-time position is needed to keep continuity of this volunteer council.

CULTURAL ARTS BOARD

In our continuing effort to bring the arts community together, a Cultural Arts Board (C.A.B.) was proposed to City Council and to those organizations affected by this change. The purpose of forming this board is to bring all the cultural programs of the City under the "umbrella" of the Utah Cultural Celebration Center (U.C.C.C.). This board will not only make sure that the Center succeeds, but will also provide the City's cultural groups with a home, a broader mission and a stronger commitment to our ethnically diverse community.

Many of these groups have struggled financially, and have lacked support to reach their full potential. The West Valley Arts Council, the West Valley Historical Society, the West Valley Sister City Committee, the Utah Cultural Celebration Center, and the UCCC Foundation are now under this strongly supported "umbrella" call the Cultural Arts Board of West Valley City. A performing musical arts program will be included under C.A.B. in the future.

The C.A.B. will join all cultural groups together in support of one cause and with one voice. The C.A.B. will also improve the ability of the City's cultural groups to qualify for more funding. Smaller groups are often not strong enough to qualify for funding individually. A membership drive and stronger community support will be the major focus of the C.A.B. organization.

Many of the groups have had a rich tradition of cultural arts promotion. Members of our community will benefit and grow because of C.A.B. support for these groups. The Utah Cultural Celebration Center has opened the first fine art gallery in West Valley City. This gallery will bring the community together in the spirit of cooperation and support.

CAPITAL PROJECT MANAGEMENT AND BUDGETING CONTROL SYSTEM

BACKGROUND

Each year the City undertakes the development of a Capital Improvement Program (CIP). The City has chosen to fund many of the capital projects in other funds, not solely the C.I.P. Fund:

Fund 11	Class "C" Roads
Fund 24	Building Authority
Fund 31	Road Impact
Fund 32	Park Impact
Fund 33	Fire Impact
Fund 34	Police Impact
Fund 35	Flood Impact
Fund 36	Storm Water Utility

These funds all deal with infrastructure needs. They are restricted in their use and the revenues and expenditures are easily monitored. Other capital projects and expenses may be initiated and completed by individual departments that are located in the General Fund. The approval process is below.

POLICY STATEMENT AND ACTION

West Valley City will manage its capital projects and propose each with the following approach:

- Solicit submission of requests from Department Heads;
- Review the Strategic Plan as it relates and recommendations from the Community and the City Council;
- Look at available funding and adopt budget and project list within those funding limitations;
- Bid project if City does not have the resources or expertise to complete;
- Complete project and report;
- The City has implemented an Impact Fee program for Roads, Parks, Flood, Fire and Police. These fees are tied to a Capital Project Study in these areas.

SIDEWALK MAINTENANCE

BACKGROUND

Cities have incurred increasing liability for sidewalk maintenance. Courts have ruled that cities have a non-delegable duty to maintain sidewalks in a safe condition.

To address the sidewalk maintenance needs, the City initiated a program in 1985 to replace damaged sections of curb, gutter and sidewalk. The initial program required citizens to pay the cost of materials, while the City provided labor and equipment. In 1990 the City Council modified the program to require citizens to pay 50% of all costs associated with concrete replacement.

In 1993, the policy for hazardous sections was again modified. Since the City may incur liability for hazardous sections, when property owners choose not to participate, a repair program was implemented with the City bearing 100% of the repair cost. The cost of repairing any cosmetic or nuisance problems is shared with the property owner. The City will reimburse property owners $10 per linear foot of sidewalk replaced. (Total cost of replacement is job specific.)

A sidewalk inventory is maintained which identifies all needed sidewalk repairs. From this inventory, a priority list has been developed which guides the annual sidewalk repair work plan. Property owners, who desire to complete repairs before they are included in the work plan, may choose to make the repairs themselves, and be partially reimbursed by the City.

POLICY STATEMENT

The Public Works Department shall maintain an annually prioritized sidewalk repair and work plan. The plan shall show the area in which sidewalks shall be repaired each year. All repairs included in the work plan will be completed at the City's expense. Any property owner who desires to complete repairs not included in the annual work plan may apply to the department for reimbursement at $10 per linear foot for approved repair work.

ACTION

Sidewalk maintenance will be funded from the Streets Division and Class "C" Road funds.

STREET LIGHTING

BACKGROUND

Historically, street lighting in the City was funded from several sources. Lighting on major streets and some residential areas was funded from general revenues. There were also three Special Improvement Districts and one Special District which provided street lighting. Since 1984, all new homes have been required to install yard lights.

After receiving multiple street lighting requests throughout the City, a street lighting initiative began in 1992 with the following results:

1. 64% of voters indicated they wanted street lights.
2. 900 plus people signed petitions for street lights.
3. The Chamber of Commerce endorsed installation.
4. 73% of voters favored a general property tax increase.

In 1992, the West Valley City Council approved a general property tax increase to finance City-wide street lighting. The new revenue was to be used for installation and maintenance of street lights. The installation of 4,162 street lights by Utah Power and Light (now Rocky Mountain Power) began in 1993 and was completed in 1996. The City now has purchased all street lights from Rocky Mountain Power and has taken ownership in maintaining those lights. This has reduced the street lighting expenditures by about 50%. Earlier in 2010, federal stimulus funds were received to purchase more energy efficient LED street lights.

Initially, virtually all street lights in the City were owned and maintained by Rocky Mountain Power. The City paid for this service at a monthly rate per light as established by the Public Service Commission. To reduce street lighting costs, the City Council adopted an ordinance in November of 2004 which required all new developments to install street lighting. The lights would be dedicated to the City and maintained at the City's expense.

POLICY STATEMENT

Street lighting in accordance with current standards shall be installed in all new developments, at the developer's expense and dedicated to the City.

ACTION

Install additional lighting in accordance with policy statement.

RECORDS MANAGEMENT AND NOTIFICATION AND ADVERTISEMENTS

BACKGROUND

The City believes that residents should be informed of the business of their municipal government. West Valley City provides, to all interested parties, notice of the nature and type of actions being considered by the City Council, and its advisory and auxiliary bodies. This notice is primarily in the form of posted agendas, posting on the City's website, advertisements in two Salt Lake City newspapers, written notices delivered to citizens by the United States mail, and posting as established by State Code. In addition, the City Council has implemented a monthly Newsletter as well as a City communication channel aired on Cablevision Channel 17, 24-hours a day, 7-days a week.

The City prepares advertisements which are published in the newspaper as required by state law and as set forth in the City Ordinances. Appropriate advertisement topics include, but are not limited to the following: appointments to vacancies on the City Council, bond assessments, bid notices, and public hearings for the City Council and Planning Commission.

POLICY STATEMENT

Professional records management of all City records will continue to be a high priority in order to provide citizens and City Staff easy and accurate access to vital information.

The City will advertise all matters of significant neighborhood or community public interest which appear on a City Council, Planning Commission or Board of Adjustment agenda, as well as all matters where advertising is required by law. Said advertisements may include location maps, project descriptions and posting of property, if required, and will be written in plain English in order to fully inform all interested individuals.

All advertising shall be accomplished in the most economical manner. All affidavits of publication shall be reviewed by the City Recorder and will be available to interested members of the public.

SOLID WASTE COLLECTION

BACKGROUND

Chapter 19-3 of the West Valley City Code states the owner of every single-family and duplex dwelling unit shall be responsible for monthly charges associated with the collection of solid waste. The charges finance the following sanitation services: weekly automated curbside garbage collection, city-furnished garbage containers, monthly curb-side bulky waste collection, and the Neighborhood Dumpster Program.

In 1994, fees increased from $5.90/unit/mo. to $7.70/unit/mo. to cover increased landfill fees, new automated collection and bulky waste collecting services.

In 1997-98, a fee increase from $7.70/unit/month to $9.45/unit/month became necessary. This was caused by increased operating costs passed on by the City's contractor, additional landfill tipping fees ($19 to $22 per ton), and the need to purchase additional containers related to population growth.

The City entered into an agreement with Ace Disposal effective July 1, 2005, to provide solid waste collection services. The solid waste collection fee was raised to $10.00 per unit per month in July 2005, to cover increased operational costs.

POLICY STATEMENT

The City Council shall impose a fee sufficient to cover the cost of solid waste and bulky waste collection, disposal, and administration.

ACTION

The Solid Waste Collection fee remains at $10.00 per month per unit for the first container, and $6.45 per month for each additional container, with no fee increase required.

STORM WATER UTILITY

BACKGROUND

On February 6, 2001, the West Valley City Council adopted an Ordinance creating a Storm Water Utility. This action was taken to provide funding for:

- Increased operational costs to comply with Phase II of the National Pollution Discharge Elimination system.
- Provide a reliable source of funding for storm water capital improvements.

The Federal Program requires the City to implement the following programs to reduce the amount of pollutants entering the City's storm water system:

- Public education
- Public involvement/participation
- Illicit discharge detection and elimination
- Construction site storm water runoff control
- Post construction storm water management for new developments
- Pollution prevention through improved and expanded municipal storm water operations.

No Federal funding was provided to implement these new programs.

In addition to the Federal Water Quality requirements, there was a need to upgrade the City's storm water infrastructure. City staff estimated the cost of needed capital improvements at $37 million. Expenditures for storm water improvements were only about $300,000 per year. At this rate, the system was deteriorating much faster than it was being replaced.

In March 2000, the City formed a Storm Water Advisory Committee of 15 residents and business representatives to study the different funding options available and make a recommendation to the City Council. The Committee considered funding options including a general property tax increase and user fee based programs. The Storm Water Advisory Committee concluded that starting a Storm Water Utility would be the best means of providing the funding necessary to meet the storm water mandates. A Storm Water Utility has the following advantages:

- It is a reliable source of funding dedicated to storm water improvements.
- The utility can provide sufficient revenue for increased operations and needed capital improvement programs.
- A utility is more equitable than a general property tax increase because rates are based on amounts of runoff generated rather than assessed valuation. Fees are assessed against all parcels, including tax-exempt organizations.
- A utility can be efficiency administered and is legally defensible.

Beginning July 1, 2001, the City started assessing a Storm Water Utility fee to all developed parcels. The initial fee was $3.75 per month per Equivalent Residential Unit. In July of 2005, the fee was raised to cover increased operational and construction costs.

POLICY STATEMENT

The Storm Water Utility will charge a fee to all properties based on the amount of impervious surface area on a given parcel. Credits against the fee may also be given for businesses who detain storm water runoff or who implement storm water quality practices, beyond those required by the City. The revenue generated is used to fund the increased operations required by the federal regulations and for storm water capital improvements.

ACTION:

The fee per Equivalent Residential Unit (ERU) remains at $4.00 per month.

PAVEMENT MANAGEMENT

BACKGROUND

The Governmental Accounting Standards Board Statement No. 34 (GASB 34) guidelines require the City to report the value of its infrastructure. The City has chosen to use the modified approach to infrastructure asset management for its major and minor street subsystems. Using the modified approach in GASB 34 requires that one, the government manage the infrastructure assets using an asset management system; and two, the government document that the eligible infrastructure assets are being preserved at or above a condition level established and disclosed by the government. In 2003, the City Council approved conditioned standards for City streets to meet the GASB 34 guidelines. At that time, the City also purchased and implemented a pavement management software program.

In 2005, the Public Works Department chose a new asset management software system developed by the Local Transportation Assistance Program (LTAP) at Utah State University. The new pavement management software uses remaining service life (RSL) as its condition standard. Each street is visually inspected for nine different signs of distress. The program uses this data to calculate the remaining service life for each pavement section. LTAP recommends a pavement management program for cities that maintain an average RSL of 10 years, with no more than 3% of the street network at the end of its service life (i.e. RSL = 0). The average RSL for both major and minor street systems in 2005 was over 10 years. However, due to the rising cost of asphalt materials, the Council adopted an average remaining service life of 8 years as the minimum condition level for the City's major and minor street subsystems.

POLICY STATEMENT

The Public Works Department shall propose an annual Pavement Management Plan to the City Council sufficient to maintain the minimum condition level for City streets. The adopted Annual City Budget shall include sufficient funds to meet the minimum standards.

ACTION

Sufficient funding is included in the Public Works Operations and Class C Road Budgets to meet the minimum conditions standards.

BUDGET SUMMARIES

General Fund:

The General Fund accounts for the general operations of the City. This Fund is by far the most complex and largest of all funds. Revenues are derived primarily from assessed taxes, fees, and interest earnings. Expenditures are the cost for providing City services. The General Fund is related to all other funds. Often this fund covers operating deficits in other funds. Ultimately it is the goal of the City to have all funds be self supporting.

"C" Road Fund:

The Class "C" Road Fund is a governmental fund. These funds are specifically earmarked for road improvement, maintenance and related costs. The Public Works Department is responsible for this fund. Specific capital projects for this fund can be located in the Capital Improvement Program section of this document. The fund has always been self supporting and receives no subsidy from the General Fund.

Fitness Center Fund:

The Fitness Center Fund is a special revenue fund which is funded by property tax revenue, additional operational subsidies from the General Fund, and facility operation fees. It accounts for all financial activity associated with the Family Fitness and Wellness Center. The fund currently receives an annual transfer from the General Fund to assist in both the debt service payments and operations. The fund makes an annual transfer to the Building Authority to pay for its debt service. The Parks and Recreation Department monitors this fund.

Redevelopment Agency Fund:

The Redevelopment Agency Fund (RDA) services the redevelopment needs within the City. It is a governmental fund. Revenues come mainly from tax increment monies. The RDA makes transfers out to the General Fund to pay debt incurred by some of its ongoing projects. Expenditures cover the cost associated with redevelopment projects. The Community and Economic Development Department watches over this fund.

Hale Centre Theatre Fund:

The Hale Centre Theatre is a special revenue fund which covers the debt service, insurance, and capital improvements of the facility. Revenues are derived from intergovernmental contributions, rents, and capitalized interest. The General Fund has also made small transfers into the fund for the past several years to cover deficits caused by debt service obligations. The Finance Department oversees the Hale Center Fund.

Building Authority Fund:

The Building Authority (BA) Fund is a special revenue fund that meets the debt service requirements for the Municipal Building Authority. Revenues are transferred from the General Fund, the Hale Centre Theatre, the Arena, the Fitness Center and the Golf Course Enterprise Funds. Expenditures cover debt service obligations. The Finance Department ensures all debt payment are made from this fund in a timely fashion.

Arena (Maverik Center) Fund:

The Arena Fund is a special revenue fund established to meet the debt service, insurance, capital, and maintenance needs of the Maverik Center. Revenues are received from lease, parking, sales tax, innkeepers fees, and a portion of ticket sales. The General Fund provides a transfer to help the fund pay for its debt obligations. The Finance and Parks and Recreation Departments jointly monitor this fund.

Housing Authority Fund:

The Housing Authority Fund is a proprietary or enterprise fund that services the needs of the Housing Authority within the City. Revenues come mostly from federal funds and pass-thru grants and cover the costs associated with the Housing Authority. This fund is self-sufficient and does not require any transfers from the General Fund. The Housing Authority is it's own division and entity, but it falls under the responsibility of the Community Preservation Department for oversight.

Sanitation Fund:

The Sanitation Fund, a special revenue fund, was set up to segregate its revenues and expenditures from the General Fund. Revenues come from user fees and expenditures fund its operations. The General Fund receives a nominal transfer from this fund for services performed. Public Works monitors this fund.

Road Impact Fees Fund:

The Road Impact Fees Fund is a special revenue fund and helps to build and maintain roads due to new development and increased transportation use within the community. It is funded by fees assessed on new development. There are no transfer into nor out of this fund. The Public Works Department administers this fund.

Park Impact Fees Fund:

The Park Impact Fees Fund is a special revenue fund and helps to build parks within the City. It is designed to ensure adequate parks for a growing community. Fees are assessed on new development to meet these needs. No transfers from other funds affect this account. This fund is managed by the Parks & Recreation Department.

Fire Impact Fees Fund:

The Fire Impact Fees Fund is a special revenue fund. Fees are assessed on new development to help offset the increased demand on fire services and purchase of real property. All anticipated revenues are transferred out of this account for debt service on a firestation. The Fire Department monitors this fund.

Police Impact Fees Fund:

The Police Impact Fees Fund is a special revenue fund. Fees are assessed on new development to help offset the increased demand on police services and purchase of real property. A transfer is made to the Fitness Center Fund to pay a portion of its debt service, as the bond to build the Fitness Center also built a substation. There is no impact on the General Fund. The fund is managed by the Police Department.

Flood Impact Fees Fund:

The Flood Impact Fees Fund is a special revenue fund. Developers are assessed a flood impact fee to help provide water retention basins and storm drains to protect human lives and property in the event of excessive amounts of water. There are no transfers into nor out of the fund. Public Works oversees this fund.

Storm Water Utility Fund:

This fund assesses every property owner in the City for the development and maintenance of the storm water infrastructure within the City limits. The Storm Water Fund is a special revenue fund and is self suffient, being monitored by Public Works.

Cultural Center Fund:

The Utah Cultural Celebration Center (UCCC) is a special revenue fund. It was established to host many multi-cultural activities throughout the year. The Cultural Center is funded by operational activities, rents, fund raisers, grants, donations, and contributions from the General Fund. The fund is overseen by the Administrative Department.

Capital Improvement Fund:

The Capital Improvement Fund is a governmental fund that was established to meet the capital improvement requirements of the City. Revenues come from the General Fund, intergovernmental transfers, and interest. Expenditures are for costs of the City capital improvement projects. The General Fund sometimes subisidizes the Fund through transfers into the fund. Some fund balance is anticipated to cover annual expenditures. The Finance Department monitors the fund's activity, although all Departments, especially the Public Works and Parks & Recreation departments, access this fund for its capital projects.

Golf Course Funds (Stonebridge/West Ridge):

West Valley City has two (2) municipal golf courses. West Ridge is an 18-hole course and Stonebridge is a 27-hole course. The Golf Course Funds are enterprise funds which are used to account for all financial activity associated with the operation of the Municipal Golf Courses. Revenues come from Golf Course Operations and transfers from the General Fund. Expenses are for golf course services. The General Fund normally subsidizes the Stonebridge course, which includes debt service and some operating expenses. Transfers out are made to the Building Authority Fund to make the actual debt payment. The golf courses are both maintained by the Parks and Recreation Department.

Grants Fund:

The Grants Fund was established to track of all grant revenues received by the City. The revenues are received mostly through grants from the Federal and State Governments. These are two major categories this year 1) Community Development Block Grants (CDBG), 2) Other Major Grants other than CDBG. The Grants Fund neither transfers nor receives monies from any other fund and is a special revenue fund. The Community Preservation Department manages this fund.

Ambulance Fund:

The Ambulance Fund is an enterprise fund providing its service directly to the public. Operations are financed and operated in a manner similar to private enterprise, where the intent of the City Council is that the cost (expenses, including depreciation) of providing the services to the public on a continuing basis is financed or recovered primarily through user charges. This year there are no anticipated transfers into nor out of this fund. The Fire Department is reponsible for this fund.

NOTE: All budgeted income sources for each fund are appropriated. This is in accordance with State statute requiring a balanced budget. Financial resources not appropriated are the fund balances or fund equity for each fund, and they are not budgeted.

Consolidated Overview of all
Revenues and Expenditures for West Valley City
(All Funds Combined)

Revenues:	**08/09 Actual**	**09/10 Adopted**	**10/11 Adopted**	**Percent Change**

Notes: Fund Balances represent both restricted and unrestricted fund balances. Not all funds represented here are available for spending; they include accruals and restricted funds for special projects.

A change in Fund Balance is represented by the difference between revenues and expenditures. The beginning fund balance represents the residual funds brought forward from the previous year (ending balance).

Through Fiscal Year 2000-2001, the "C" Road fund balance was included with the General Fund. Starting in Fiscal Year 2001-2002, the "C" Road budget was given its own fund account and fund balance has been accounted for separately.

Two funds incurred a significant decrease in fund balance from 07/08 levels The cause of the General Fund reduction can mostly be traced to a significant expected shortfall in sales tax revenues. Also some budget openings, with General Fund Balance as the source of funds, occurred causing further decreases. In the current year, fund balances in the General Fund are also anticipated to decrease due to use of General Fund and other reserve balances

Over the years, the City has attempted to increase its fund balance within the legal limits of State statute to be prepared for the uncertainties of the future. This has proved advantageous for the City.

Notes: Fund Balances represent both restricted and unrestricted fund balances. Not all funds represented here are available for spending; they include accruals and restricted funds for special projects.

A change in Fund Balance is represented by the difference between revenues and expenditures. The beginning fund balance represents the residual funds brought forward from the previous year (ending balance).

Over the years, the City has managed its fund balance within the legal limits of State statute to be prepared for the uncertainties of the future. This has proved advantageous for the City.

A negative fund balance is an indicator that the funds expenditures have exceeded the fund's revenues over the life of the fund. The negative fund balances in the following funds are temporarily supported by the General Fund: Fitness Center, E-Center, and Cultural Arts Center. Operational adjustments have been made to improve efficiency. A balanced budget is always submitted in an attempt to ensure that the negative fund balances do not worsen. Plans are in effect to reduce the fund balance deficits in these funds. Normally the General Fund would make some operating infusions in funds with a fund balance deficit. Due to the current state of the economy and an uncertain future, operating subsidies will not be available to other funds this year. Operating efficiency improvements are continually being implemented in these funds to improve their financial positions.

Notes: Fund Equity represent both restricted and unrestricted fund equity. Not all funds represented here are available for spending; they include accruals and restricted funds.

A change in Fund Equity is represented by the difference between revenues and expenditures. The beginning fund equity balance represents residual funds brought forward from the previous year (ending balance)

Over the years, the City has attempted to increase its fund equity within the legal limits of State statute to be prepared for the uncertainties of the future. This has proved advantageous for the City.

A negative fund balance is an indicator that the fund's expenditures have exceeded the fund's revenues over the life of the fund. The negative fund balance in the Stonebridge Golf Course and Ambulance Funds are temporarily supported by the General Fund. Operational changes have been made in these funds, and will continue to be made, to increase operational efficiency. A balanced budget is always submitted to ensure these negative fund balances do not worsen. Plans are in place to reduce and eventually eliminate the fund balance deficits. These balances will eventually be eliminated thru improved operations and operating transfers from the General Fund whenever possible.

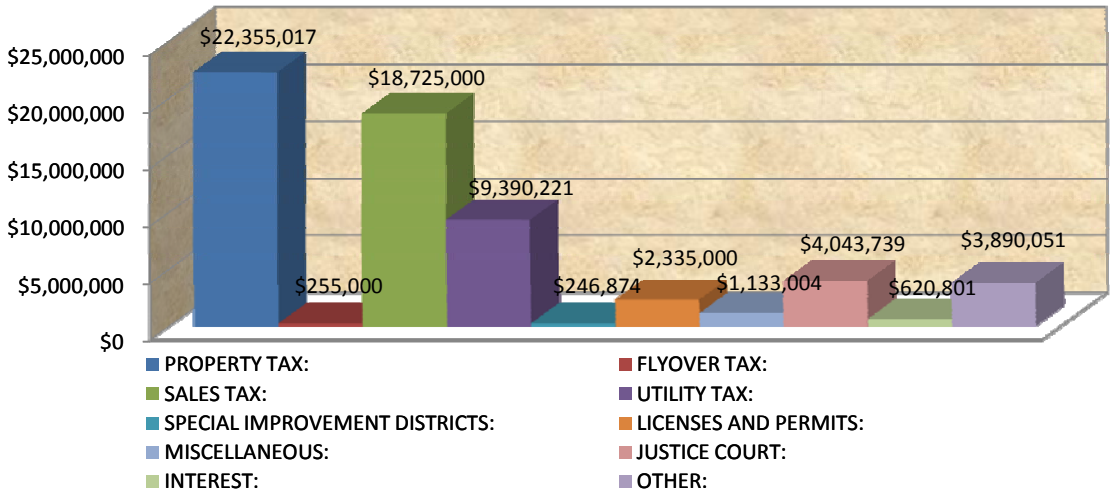
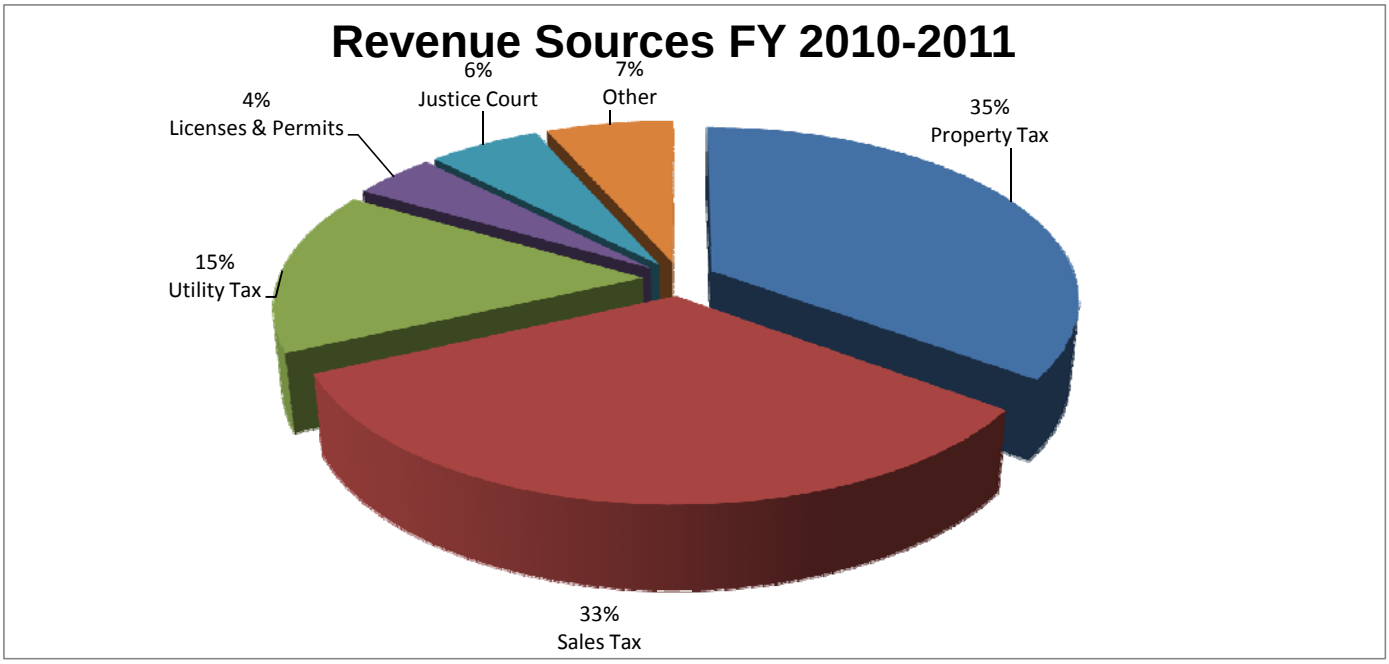
General Fund Revenue Chart
2010-2011





General Fund Revenue Charts

Revenue projections are prepared by the Finance Department under the direction of the Finance Director. Data is collected from a variety of sources including City financial records, State, County, and local economic financial reports, along with regional and national economic trends and forecasts. Revenues are projected by analyzing this financial, economic, and demographic data over time, usually 5 years. This information is charted to identify past and future trends, and to estimate future revenues. Historical trends in relation to economic recession and expansion are analyzed to estimate how the City's revenues respond under these conditions. In addition to this historical data, the Finance Department obtains data from each City department regarding fees, charges for services, and volume projections for the upcoming fiscal year. The political environment is also evaluated to determine the possible fiscal impacts of legislative action. Each source of revenue is examined and evaluated to identify dependencies on these factors before a revenue projection for the City is proposed.

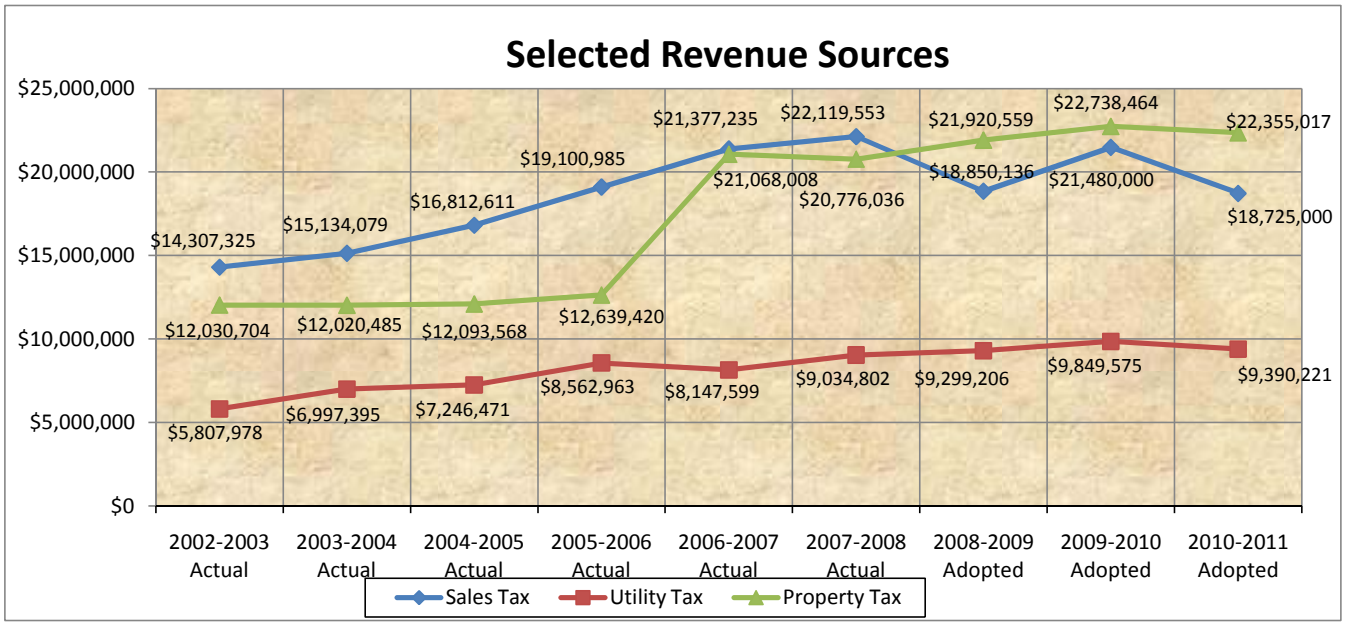
Total property tax levels are anticipated to remain somewhat stable this year, with and an anticipated reduction in new growth collections due to our continued economic struggles. Since the City has now purchased and is maintaining our own street lights, a portion of those property taxes have been reallocated to the current year property tax. It is anticipated that vehicle taxes will increase slightly from last year and closely mirror 2008-2009 levels. Property Tax has been a relatively stable source of revenue for the City. Since the passage of the "Truth in Taxation" legislation in 1986, the City receives the same amount of property tax dollars as is received the previous year, plus new growth for the current year.

Sales Tax collections are projected to be 13% below last fiscal year's projected revenues. Budgeted revenue for 2010-2011 is essentially equal to our estimated collections for year end 2009-2010, which is not reflected in the above statements. Sales tax projections are somewhat unpredictable and challenging. In reviewing several economic expert opinions, economist's predictions vary from 1% growth to a 3% decrease in sales tax revenues across the State of Utah. The slow economy continues to impact taxable retail sales within the City. This trend is expected to continue into the new fiscal year. It is anticipated that several new commercial developments including new large retail businesses along the 5600 west corridor and the redevelopment of the City Center area including the Valley Fair Mall will help to moderate the impacts of the slow economy.

Utility Franchise Tax: Revenue from natural gas and electric are largely influenced by commodity market prices, legislation, and utility rates set by the Public Service Commission. Other influencing factors are population growth and seasonal weather conditions. While it is largely impossible to predict the influence of the climate on City revenues, residential growth is a good indicator of future collections. The population in West Valley City continues to remain steady with marginal growth anticipated in new home construction. It is anticipated that the cost of natural gas will remain at current levels through the upcoming fiscal year. Telecommunication revenues are expected to decrease by 20% from last year. This is based on estimated year end telecommunication collections that will not meet last year's adopted budget levels. As the public continues to move away from land phone lines, and move to cell phones, revenues will be expected to decrease in subsequent years.

The West Ridge Amphitheater is owned and operated by a private enterprise. The City receives revenues from a City imposed ticket tax and management contracts for services. Revenues paid to the City are directly proportional to the number of tickets sold during the performance season.

Special Improvement District revenue represents assessments made on properties within each improvement district. These assessments are made to retire bonds issued to complete infrastructure improvements. Charges will be billed throughout the year to service the debt associated with improvements made in each improvement district.



Licenses and Permits: Business Licenses are expected to increase this year by 10.0% based on actual collections for the past four years. The Business Licensing division currently goes out in various parts of the City to verify business licenses and to assist unlicensed businesses with licensing procedures. Building Permits are expected to decrease significantly based on 2009-2010 year end estimates and the current projections from the Building Inspections division. Sub-division fees have been steadily declining as the economy continues to slow in the construction sector. The City Council continues to work diligently to keep our fees in line with our neighboring communities.

Justice Court: The Justice Court revenues consist of fines and forfeitures. In fiscal year 1999-2000, the City took over the management of the Traffic Court. Because many cases were dismissed by the State due to case overload, the City staffed the Traffic Court and increased patrol officers in 2001-2002. Total court revenues are expected to significantly increase based on fiscal year 09/10 year end estimates.

"C" Road Fund

The class "C" Road Fund revenue is derived from the State of Utah as its portion of the fuel tax. C-Roads revenues are projected to decrease by 27% from FY 09-10. This decrease is attributable to anticipated fuel sales as the price of oil has increased from last year's level. Changes in these monies directly impacts the City's ability to build and maintain City streets.

Fitness Center Fund

Fitness Center revenues are expected to slightly decrease for fiscal year 2010-2011, moving towards actual 2008-09 revenues. Annual passes still provide the majority of the revenue as membership dues paid electronically were made available in 2002. This payment method has proven to be advantageous to the Center as patrons make monthly payments for membership priviledges.

Redevelopment Agency Fund

The Revelopment Agency generates revenues from property tax increment. Several significant construction projects are currently under development. These new projects will contribute to future revenues in the RDA.

Hale Centre Theatre Fund

The agreement with Salt Lake County for a subsidy expired in 2007-08, although additional funding is still being pursued with the County. The rental income charged to the Hale Center Theatre covers the debt service and fees for ground maintenance performed by the Parks and Recreation Department.

Building Authority Fund

Building Authority revenues are derived from interest on bond earnings, interest earnings, and occasionally from other sources such as the fund balance and bond reserves. For 2010-2011, the funding other source revenue is derived from a reserve account that will be partially expended. There are no other revenues budgeted as interest earnings, bond refinancings, and bond issuances as they are difficult to determine at the time of the budget process. Any interest that is received will increase the fund balance for the year, making these funds available to spend in future years.

Arena (Maverik) Fund

The Arena operating revenues are projected to be 6% higher than last year. Local competition from other entertainment venues continue to be a challenge for the Maverik Center management. Therefore, the City made the determination to consolidate both revenues and expenses as a business practice. The Maverik Center continues to create partnerships with sponsors and entertainment groups. Most revenue projections are provided to the City by Centennial Management Corporation.

Housing Authority Revenue Chart

Public Housing- There are two primary revenue sources for operating a public housing program: tenant rents and operating subsidy provided by the U.S. Department of Housing and Urban Development (HUD). HUD provides an annual subsidy to help public housing agencies (PHAs) meet costs of operating and maintaining public housing units. The Public Housing program serves mostly very low-income tenants who pay no more than 30 percent of their adjusted income for rent. Assistance is in the form of direct payments for specified uses. Payments received from clients are put back into the program. West Valley City currently owns and maintains 18 Public Housing units.

Section 8 Program- Housing choice vouchers program is the Federal Government's major program for assisting very low-income families. The vouchers are administered locally by public housing agencies (PHAs). The PHAs receive federal funds from HUD to administer the voucher program. A housing subsidy is paid to the landlord directly by the PHA on behalf of the participating family. The family pays the difference between the actual charge and the subsidized amount. West Valley City has been authorized to fund up to 513 tenants.

HOME- The HOME program provides funding for a Tenant Based Rental Assistance (TBRA) program. WVC Housing Authority administers the funding while The Road Home provides the clientele and monitoring of clients. WVC currently receives funding from Salt Lake County for approximately 22 vouchers.

HOPWA/Shelter Plus- The HOPWA program provides housing assistance for low income clients with specific ailments. Funding is received through Salt Lake City Corporation. Shelter Plus is another rental assistance grant received in partnership with Salt Lake County Continuum of Care.

Sanitation Fund

Chapter 19-3 of the West Valley City Code states the owners of every single-family and duplex dwelling unit shall be responsible for monthly charges associated with the collection of solid waste. The charges finance the following sanitation services: weekly automated curb-side garbage collection, City-furnished garbage containers, monthly curb-side bulky waste collection, and the neighborhood dumpster program. The current fee is $9.45 per container per month and a second container is $6.45 per month.

Storm Water Utility Fund

West Valley City's Storm Water Utility was created by City ordinance to collect fees that will be used to clean and maintain the City's storm drain system to meet the Environmental Protection Agency's Regulations. The fee is assessed to all residential and non-residential agencies having impervious surfaces causing water run-off into the storm drainage system. A residence is assessed $4.00 per month for an estimated 2,830 sq. ft. of impervious area. Non-residential areas are assessed $4.00 per month for each 2,830 sq. ft. of impervious area they contribute.

Utah Cultural Celebration Center

The Utah Cultural Celebration Center (UCCCC) was constructed to host a variety of multi-cultural activities throughout the year. Revenues come from facility rental, grants, donations, and transfers from the General Fund. In recent years, the UCCC has received substantial donations from Salt Lake County.

Capital Improvement Fund

Revenues come primarily from interest, sales of assets, and transfers in from the General Fund fund balance. These revenues flow into the fund balance and become available for future spending and on ongoing specific projects. No new capital projects are anticipated in the current year due to the poor economic climate. During the year, available balances (from the prior year) are sometimes rolled over into the current year through budget openings, as those balances are verified after the annual audit is performed.

West Ridge Golf Course Fund

West Ridge is a 18-hole golf course. The revenues are generated from user fees, golf related sales, and facility rental. The total revenues are starting to stabilize even though fluctuations in revenues appear to vary according to market conditions. A General Fund transfer will not be required this year, as the golf course will use funds reserved in fund balance to cover any operational shortages

OPERATING BUDGET

STRATEGIC OBJECTIVES AND DEPARTMENT GOALS

The following strategic objectives and goals come directly from the budget message of the City Manager (Section A-7). After each goal below, a page number is listed, applicable to this section. This page number will assist the reader in finding the performance measure that applies to the completion of the goal or objective.

Citizen Development Strategic Objective

West Valley City believes in a healthy environment where recreational and educational options are abundant. The City facilitates physical, social, mental health, and educational opportunities of all its residents.

Goal 1 -Identity resources for citizens to assist them in understanding how to improve our community. (D-23, D-74)
Goal 2 -Improve civic awareness and public relations. (D-10, D-23, D-25, D-125, D-129)
Goal 3 -Improve access to City government through the internet. (D-18, D-131)

Community and Economic Development Strategic Objective

West Valley City facilitates community and economic development needs resulting in a safe, clean prosperous and aesthetically pleasing community which celebrates our diverse cultural backgrounds and is a place in which people are proud to live, work and play.

Goal 4 -Integrate, monitor and prepare more collaborative partnerships between community oriented service officers and code enforcement. (D-121, D129)
Goal 5 -Preserve residential neighborhoods. (D-34, D-36, D-91, D-94, D-156, D-169, D-177)
Goal 6 -Enforce ordinances and enhance the City's ability to reduce blight. (D-87, D-175, D-177)
Goal 7 -Accelerate enforcement process for repeat offenders. (D-87, D-121, D-177)
Goal 8 -Improve and enhance partnerships with existing businesses. (D-40, D-129)
Goal 9 -Accelerate efforts for new business and economic development. (D-40)

Public Safety Strategic Objective

West Valley City creates a safe environment through the reduction of crime and response times and the implementation of emergency plans and procedures.

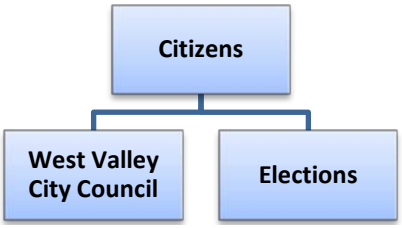
Goal 10 -Reduce crime through police efforts, education and involved citizens. (D-87, D-121, D-131, D-133)
Goal 11 -Eradicate graffiti. (D-177)
Goal 12 -Reduce Public Safety response times. (D-72)
Goal 13 -Reduce speeds in neighborhoods. (D-133, D-145)

Transportation Strategic Objective

West Valley City coordinates and promotes high quality transportation alternatives and involves citizens and stakeholders in the planning process.

Goal 14 -Find solutions to east/west traffic congestion (D-36, D-147)
Goal 15 -Improve and provide curb, gutter, sidewalk and trail system. (D-91, D-94, D-141, D-143)

Legislative



Legislative

CITY COUNCIL MISSION STATEMENT

The West Valley City Council is the chief legislative, policy making, and budget approval body for the City. The Council exists to provide safety, to preserve health, to promote prosperity, protect property and improve the morals, peace and good order, comfort and convenience of the City and its inhabitants.

West Valley City government exists to meet the needs of the citizens, businesses, and those visiting our City; and to provide for the common good. The City is committed to openness, fairness, sensitivity, responsiveness, innovativeness, accountability, efficiency and excellence.

Vision Statement

Vision 2020: A City where residents, business, and government all work together to build an attractive, safe, healthy, diverse, and creative community where people are proud to live, work, shop, play, and learn.

Core Values

Unity, Pride, and Progress

None

PROGRAM DESCRIPTION:

The City Council is the governing body of West Valley City. They have the power to make and enforce all laws and regulations with respect to municipal affairs, subject only to the limitations and restrictions of the State Code. The City Council has the power in the name of the City to do that which is necessary and appropriate for the Municipal Corporation and general welfare of the City's inhabitants unless it is specifically forbidden by State law. The elected officials of the City are the Mayor, and six Council members, four elected from districts and two at-large. Each shares equal voting powers on all issues coming before the Council. Each serves a four year staggered term. The City Council appoints a City Manager who serves at the Council's pleasure.

TOTAL	2,767	250,000	236,289	-5.5%

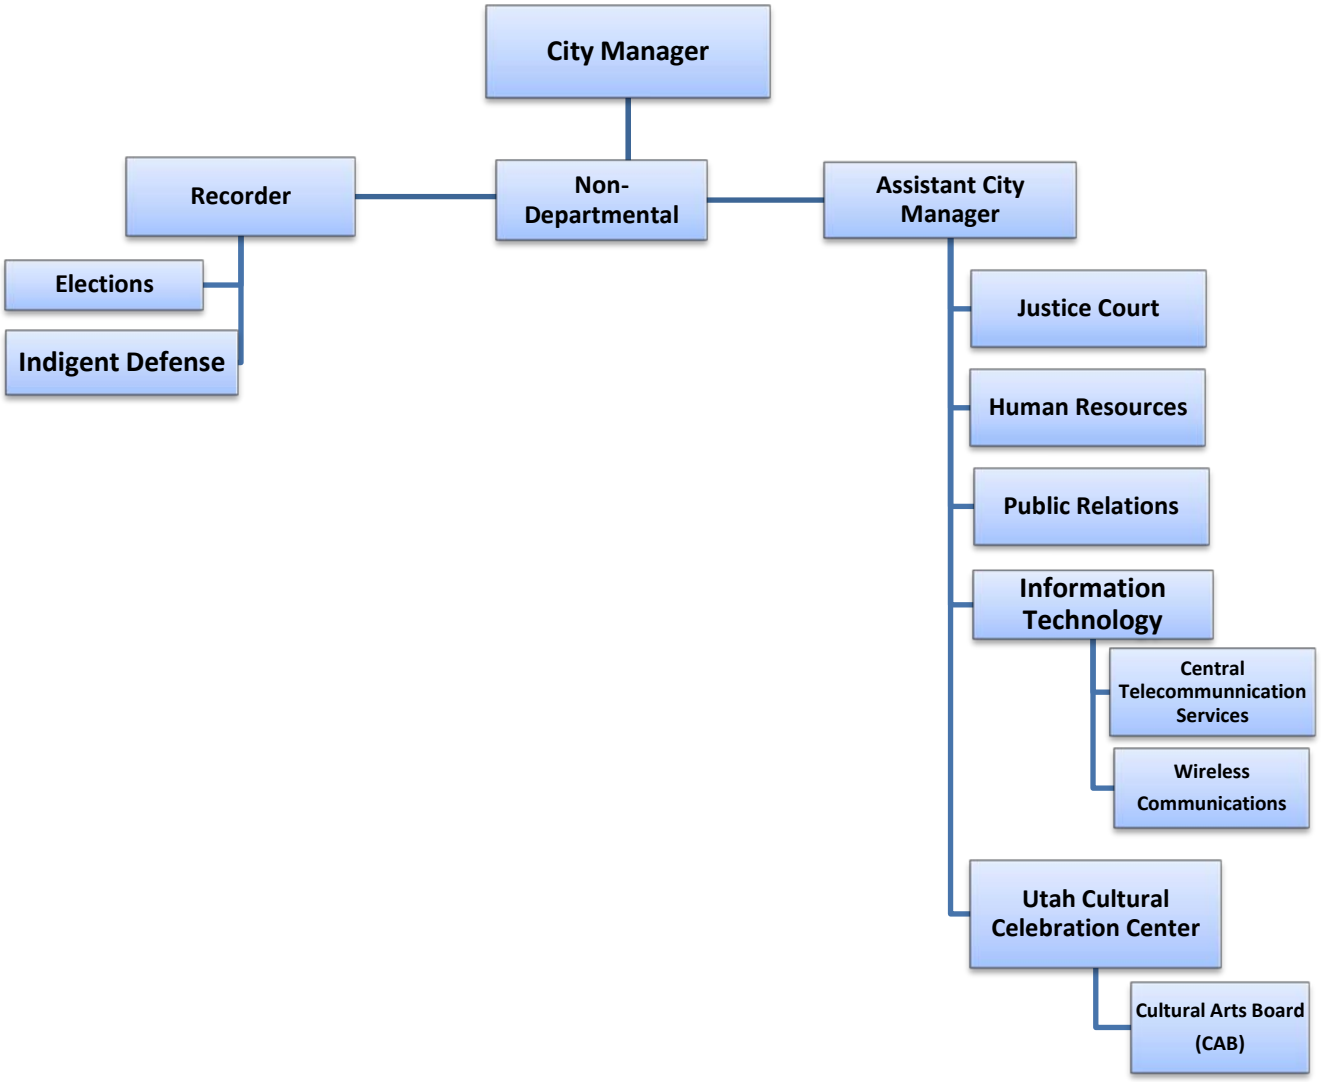
SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

None

PROGRAM DESCRIPTION:

Conduct municipal elections pursuant to State Code. This division is overseen by the Recorder's office.

Administration



Administration

ADMINISTRATION MISSION STATEMENT

The City Manager's function and responsibility is to provide facilitation and quality information in a timely manner for consideration by the West Valley City Mayor and City Council as they exercise their responsibility of policy development. The City Manager utilizes many tools to effectively provide this facilitation and information. A formal strategic planning process identifies and prioritizes the City Council's direction on an annual basis, the City Manager and his staff organize and implement and efficiently process the presentation, communication, and direction to and from the Council on specific issues, projects, and programs through the regularly scheduled study and regular council meeting system. This same system allows the public to access an open and recorded program for policy making and implementation. Administration has direct supervision of procedures that: provide information services and support to City departments and the public; provide media relations coordination; enhance cultural experiences and opportunities through the Utah Cultural Celebration Center; provide court services that serve the needs of West Valley City citizens and others.

BUDGET SUMMARY

None

PROGRAM DESCRIPTION:

The City Manager is appointed by the City Council to implement the policy directives articulated by that body. This involves administrative decision making, provision of administrative support, direction and guidance for all City Departments, programs and projects. The City Manager's Office provides needed administrative services to all City Departments for the coordination of City operations and is the focal point for the day to day management of the City government.

PROGRAM GOALS:

- Implement the West Valley City Strategic Plan under the City Council's direction.

DEPARTMENT: Administration
DIVISION: Recorder

EXPENDITURES:	Actual 2008-2009	Adopted 2009-2010	Adopted 2010-2011	Percent Inc./Dec.

TOTAL	364,950	356,000	0	-100.0%

SIGNIFICANT EXPENDITURES AND STAFFING CHANGES:

Indigent defense expenditures have been transferred to the Recorder's division in the Administration Department for improved account oversight.

PROGRAM DESCRIPTION:

Indigent Defense funds cover services which the City incurs each year for those charged in the Justice Court declaring indigence. This account is managed by the City Recorder, under the direction of the City Manager. The City bids this annual contract for service to a private law firm to cover all indigent cases.

DEPARTMENT: **Administration**

Total Personnel	25.00	25.00	25.00

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

Two new clerk positions will be filled this year (one clerk position remained vacant last year).

PROGRAM DESCRIPTION:

The Justice Court has jurisdiction over criminal and traffic cases for Class B and Class C misdemeanors and infractions. The Court also has jurisdiction over small claims cases. Judgments for claims (money damages only) up to $10,000 are adjudicated. Use of a Traffic Hearing Referee and the current compliment of Traffic Coordinators will continue to reduce the need for in-court traffic hearings; thus reducing time prosecutors spend in court on minor traffic offenses.

PROGRAM GOALS:

- Conduct judicial proceedings and subsequently notify related local and state judicial and law enforcement entities promptly and accurately.

DEPARTMENT: Administration
DIVISION: Justice Court

Human Resource Analyst I	1.00	0.00	0.50
Total Personnel	5.00	5.00	3.50

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

The Worker's Compensation Analyst position has been transferred from the HR division to the Legal Department.

PROGRAM DESCRIPTION:

The Assistant City Manager oversees this Division. The Human Resource Office is responsible for administering the Civil Service and Personnel Policies and Procedures, practices and compliance, which include but are not limited to the following areas: salary; benefits; incentive programs; testing; training and development; hiring; centralized employee functions; staff resource planning; research and implementation of Federal, State and Municipal laws; Employee Assistance Program coordination; administrative hearings; policy and procedure development; job analysis; job design; organizational development; and employee relations.

PROGRAM GOALS:

PROGRAM DESCRIPTION:

The Assistant City Manager oversees this division, whose objective is to provide value-driven, customer-focused, well managed and effective IT services. Our vision is for West Valley City's information technology to be firmly aligned with the business needs of City government while providing the best possible IT value with available funding.

The IT Division oversees and guides all technology-related activities associated with the delivery of products and services managed by every department of the City. We provide a strategic framework and direction for leveraging technology to create business value. Specific functions and services provided by the IT Division include:

DEPARTMENT: **Administration**
DIVISION: **Information Technology**

- Systems and Programming
- Database Server Administration and Support
- Help Desk Services
- Network Management and Support
- Telecommunications Support
- GIS Administration and Support

PROGRAM GOALS:

- Provide value-driven, customer-focused, well managed and effective IT services.

Supply quality network services for City Departments (% of services available)			100%	98%
Complete projects, implementation, programming, GIS, telecommunications, and infrastructure for City Departments (% complete by due date)			100% (28 projects)	95%

DEPARTMENT: **Administration**
DIVISION: **Central Telecommunication Services**

EXPENDITURES:	Actual 2008-2009	Adopted 2009-2010	Adopted 2010-2011	Percent Inc./Dec.
Operating Expenses	2,700,242	2,508,261	2,216,949	-11.6%
Sold Service	(93,840)	(43,461)	(32,000)	-26.4%
TOTAL	2,606,402	2,464,800	2,184,949	-11.4%

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

The change in operating expenses is a result of an increase to Valley Emergency Communications Center's (VECC) fees, transfer of funds for payment of public safety air cards and for Council approved, public safety, radio replacement lease payment. There were no additional increases in this budget.

PROGRAM DESCRIPTION:

The Assistant City Manager oversees this division. Central Telecommunications Services provides the funding for all telephone, cellular, wireless data, radio and network service providers and infrastructure for all City departments. The services and infrastructure include, but are not limited to: Avaya telephone switches, Audix, Cingular (AT&T), Nextel, Qwest, Motorola, MacIntosh and other communication and infrastructure service providers. By identifying these areas and developing dependable processes to predict present and future needs, the communication service budget can be spent responsibly with greater business value to the City.

DEPARTMENT: **Administration**
DIVISION: **Utah Cultural Celebration Center**

PROGRAM DESCRIPTION:

The Assistant City Manager oversees the Utah Cultural Celebration Center (UCCC). All personnel answer directly to the Executive Director of the Center who subsequently submits reports directly to the Assistant City Manager. The Utah Cultural Celebration Center concerns itself with the promotion, perpetuation, preservation and the presentation of Cultural Arts Programs throughout West Valley City and, Utah. The UCCC is the State's premier destination for arts and cultural events. The UCCC is the only locally driven arts and cultural complex in the Salt Lake Valley, and is perhaps the only facility of its kind offering such a unique blend of spaces and objectives.

The Celebration Center is designated to strengthen a sense of unity among the diverse people of the Wasatch Front by highlighting cultural wealth and creativity. It also provides a forum to celebrate our community's talents in music, dance, performance and visual arts. We work to provide a place where family and friends can come together, and where cultural arts are nurtured, promoted and celebrated. Educational programming is made available to the community through partnerships with the various educational and cultural center partnering organizations. Opportunities for startup cultural groups and under exposed arts are provided through classes and the use of the Celebration Gallery. Because of the uniqueness of the facility, people come from all over the Wasatch front to host an event in the main building and to perform on our Amphitheater stage.

The Cultural Arts Board has been established to govern the myriad of volunteer organizations including the West Valley City Arts Council, Historical Society, and the Sister City Committee whose chairpersons sit on the Board. The Board reports to the City Manager and thus the City Council suggests programming and programming standards for UCCC.

PROGRAM GOALS:

- Provide a forum where cultural arts are nurtured and promoted through music, dance, performance, visual arts, and education
- Create community awareness through education, art and cultural exchange, historical exchange and a positive environment for collaboration using the Cultural Arts Board as the governing body
- Provide a venue for citizens and businesses to gather, celebrate successes, promote cultural awareness and reward achievement

PROGRAM DESCRIPTION:

The Community and Economic Development Department provides services to residents, businesses, land owners, and other West Valley City Departments. Its Divisions include: Administration, Building Inspections, Economic Development, Planning, and Zoning. All Citywide development activities are assisted by one or more of these Divisions.

DEPARTMENT: Community & Economic Development
DIVISION: Administration

PROGRAM DESCRIPTION (CONTINUED):

This Department also provides staff support for the West Valley City Planning Commission and the Board of Adjustment. The Planning Commission directs staff on the revision of existing ordinances and the creation of new ordinances, the completion of special area studies, research projects and analysis of data obtained from the Census Bureau, developers and other public agencies. Another main responsibility of the Department is to provide staff support and management of the General Planning process, and the update of the General Plan.

The Administration Division provides direct City Council support; supervises and supports the Economic Development, Planning and Zoning, and Building Inspection Divisions; works with and reports to City Administration; and coordinates with other City Departments.

PROGRAM GOALS:

- Monitor and improve Department service to the public
- Support, empower, and measure each division, as they continue working to meet their current Strategic Plan goals

PROGRAM DESCRIPTION:

The Redevelopment Agency of West Valley City is an essential component in the City's economic development strategy. The purposes of the Redevelopment Agency, as established by Utah State Statute and West Valley City Ordinance, are to eliminate blight in residential and commercial neighborhoods, and reduce the conditions that cause blight. Strategies employed include the promotion of commercial development and creation of new employment opportunities. The City presently has nine RDA project areas, four EDA (Economic Development Administration) project areas, and two CDA (Community Development Area) project areas.

PROGRAM GOALS:

- Reduce blight in the City
- Generate economic development within the City
- Create new employment opportunities

PROGRAM DESCRIPTION:

Hercules Hill Parcel A is a Redevelopment Area of 96.09 acres. The conceptual plan, defined in the West Ridge Commerce Park development program, anticipates a variety of complementary land uses providing light industrial employment, office space and commercial services. Within the past five year Utah Power has invested about $120 million to construct a power-generating facility and Newspaper Agency Corporation (NAC) has completed construction of a printing facility valued in excess of $80 million.

STATISTICS:

- Total tax increment earned since inception: $14,476,379
- Estimated annual tax increment 2010: $2,250,000

FINANCE MISSION STATEMENT

The Finance Department is the fiscal controlling department responsible for managing financial operations for the City in accordance with State statute and direction of the City Manager and the City Council. The departmental objective is to safeguard the City's assets, promote operational efficiency, adhere to prescribed counsel, and manage fiscal policies.

BUDGET SUMMARY

SIGNIFICANT EXPENDITURES AND STAFF CHANGES:

The City has elected to upgrade financial management software from Harris Select Financials to MS Govern in order to realize better reporting and management capabilities. Training and data conversion has been completed for the Financial Management System and the Human Resource/Payroll system. In Fiscal Year 2010-2011 the City intends to implement the MS Govern Utility Management Module to bring “in-house” billing for storm water and sanitation. It is anticipated that one additional billing clerk will be hired to accommodate this change. This position will be funded from existing resources in the Storm Water and Sanitation funds.

PROGRAM DESCRIPTION:

The Finance Administration Division is the controlling division responsible for overseeing management of financial operations of the city in accordance with state statute, city code, and direction from the City Manager. The departmental objective is to safeguard the City’s assets, promote operational efficiency, manage fiscal policies and provide accurate reporting and analysis.

Program Goals

- Identify opportunities to improve the efficient use of City resources
- Provide assistance and council to the City Manager and staff in budgeting, expenditures, and planning for future needs.

PROGRAM DESCRIPTION:

The Assistant City Treasurer operates the Business License Division. The Business License Division continues to place emphasis on efficiently serving the needs of both the existing business community, and new business entities within the City.

The Business License Division facilitates the licensing of all businesses within the City in an efficient, professional and courteous manner. The Division works to ensure conformity with City ordinances including business license and State enforcement regulations. Licensing personnel work closely with CED, Police, Fire and various State agencies to ensure regulatory compliance for all license types. Business Licensing has started a City wide, area by area canvassing, looking for unlicensed businesses.

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

The Treasury Division will begin the Utility Billing process in 2010. Due to many issues the process has been held up.

PROGRAM DESCRIPTION:

Treasury Division personnel greet citizens and assist visitors to City Hall at the information window. The Division directs all telephone calls to the appropriate Departments. The Division receipts all funds coming into City, invests all idle City cash, prepares checks for mailing of all City expenditures, and distributes all incoming and outgoing mail. Treasury supervises and collects all monies due the City and supervises all Business Licensing functions. The division also oversees all accounts receivable functions, including the new utility billing process. Treasury prepares the draw down requests on all Grants coming to the City. The division receives all records and cash receipts from the Golf Courses, Family Fitness Center, Justice Court and Animal Shelter. All cash and performance bonds for Building Inspections and Public Works are maintained by Treasury.

PROGRAM DESCRIPTION:

The Budget and Disbursement Division has a dual role:

Budget

- Coordinate the distribution and collection of budget materials from each department.
- Assist in the annual projections of revenues and expenditures.
- Calculate and prepare the Adopted and Tentative Budgets for adoption by the City Council, with direction from City Management.
- Monitor expenditures throughout the fiscal year to ensure sound financial status.
- Prepare budget amendments as needed for approval by the City Council.
- Reconcile department expenditure accounts on a monthly basis to ensure sound fiscal financial policy.

Accounts Payable

- Process claims against the City after a Purchase Order or Check Request has been submitted.
- Receive invoices from City Vendors and obtain required department signatures denoting delivery of product and authorizing payment.
- Pay all bona fide claims against the City in a timely manner (net 30 days).
- Prepare checks for mailing.
- File purchase orders, invoices, and copy of checks so they can be retrieved as necessary.

Services are sold to the Redevelopment Agency, and the Housing Authority for tasks performed for those entities.

SIGNIFICANT EXPENDITURES AND STAFFING CHANGES:

It was determined that these grants were not to be budgeted. The City will take care of these grants through the budget opening process that occurs two times annually.

PROGRAM DESCRIPTION:

Other Grants is a contingency account for additional minor grants that the City is likely to receive during the fiscal year, but is not certain to receive. The Other Grants account allows the City to receipt and allocate such funds in an expeditious manner without opening or amending the budget with each minor grant.

PROGRAM DESCRIPTION:

The Emergency Operations Division offers delivery of fire suppression services, emergency medical care, hazardous material incident response, and technical rescue response.

During 2009, the Division responded to 9,303 calls for assistance, with 80% of those calls being medical in nature. In addition to responses, the Division continues with business pre-plans, public fire education,

and routine station and equipment maintenance. It also has the major responsibility of managing disaster preparation and response for large scale emergency incidents or community-wide disasters.

PROGRAM DESCRIPTION:

Fire Prevention Division is responsible for inspecting all existing occupancies for code violations as well as the functioning capability of all fire prevention systems in each commercial building. Fire Prevention also responds to any safety complaints that might endanger the public, as well as inspecting special events where there are large crowds to ensure that accidents are prevented. Such inspections include the permitting of fireworks displays.

An area that takes a great deal of time is the Hazardous Material Permit inspections. These are inspections of businesses which contain flammable liquids and hazardous materials. These normally occur at industrial and manufacturing facilities.

Two other programs serviced by the Fire Prevention Division are Fire Arson Investigations and the Juvenile Fire-Setter Program. All fires within the City are investigated to determine an origin and cause. When criminal intent is found at a fire, the Fire Investigator will team with a Police Detective to identify and prosecute those responsible for endangering lives and destroying property.

The Juvenile Fire-Setting Program is an intervention program designed to assist children in the public education aspect of fire and encourage them not to set fires.

Victim Advocate	4.50	4.50	5.00
Total Personnel	30.38	30.25	31.50

DEPARTMENT: Law
DIVISION: Civil/Prosecution/Risk/ Victim Services

EXPENDITURE AND STAFFING CHANGES:

Personnel Services: The Law Department's FY 2010-2011 budget increases the number of total personnel by 1.25, from 30.25 to 31.50. In June of 2009, the City received a grant award that included funding for an additional, half-time Victim Advocate (+0.50). In August of 2009, the Victim Services Coordinator changed her status from full-time to three-quarter-time (-0.25). In May of 2009, the City's Human Resource Analyst II transferred from Administration's Human Resource Office to the Law Department, prompting a title change to Workers' Compensation Analyst (+1.00). These changes resulted in the overall 1.25 increase in personnel.

In August of 2009, a Senior Legal Secretary changed her status from full-time to half-time (-0.50). In January of 2010, the Applications Administrator/Legal Assistant transferred from the Law Department to the Community and Economic Development Department (-1.00). In January of 2010, the Law Department opted to fill those vacant 60 hours by hiring two three-quarter time Legal Secretaries (+1.50). These changes had no effect on the number of total personnel.

The remaining personnel changes consist of employee "progressions." In those cases, (1) a Deputy Prosecuting Attorney, who had served in that position for five years, progressed to the position of Senior Prosecuting Attorney; and (2) several Senior Legal Secretaries, who had served in those positions for three years, progressed to the positions of Executive Legal Secretary.

Program Changes of Note:

Personnel Services: The Law Department's FY 2010-2011 budget reflects a 8.8 percent ($210,401) decrease in personnel services. The decrease may be attributed to the difference in personnel costs between the long-term employees who decreased their hours or transferred out of the Department and the new employees who were hired at entry level salaries.

Operating Expenses: The Law Department's FY 2010-2011 budget includes a 34.3 percent ($99,788) decrease in operating expenses. The decrease is due to (1) the Finance Department's move of monthly car allowances from operating expenses (Account 10-5010-40230) to personnel services (Account 10-5010-40145), and (2) the City Manager's reduction of every department's travel/training budget (Account 10-5010-40230) by 75 percent.

Insurance (Risk Financing): The Law Department's FY 2010-2011 budget for insurance premiums is the same as it was for FY 2009-2010. However, during FY 2009-2010, a $11,628 budget transfer was made to purchase a portion of Legal Files Software, which explains why the FY 2010-2011 budget shows a 1.4 percent ($11,628) increase.

Sold Services: The Law Department's FY 2010-2011 budget reflects a 40.0 percent ($143,585) decrease in sold services due to reductions in grant funding. The Law Department anticipates awards of new grants and continuations of existing grants during the fiscal year and will request budget openings to increase sold services upon receipt of the awards.

Capital Outlay: Not applicable.

DEPARTMENT: Law
DIVISION: Civil/Prosecution/Risk/ Victim Services

PROGRAM DESCRIPTION:

The mission of the West Valley City Law Department is to provide comprehensive in-house legal counsel, prosecution, risk management, investigation, victim advocate, collection, and administrative enforcement services to the City, its affiliated entities, and its personnel. The Law Department shall provide the services in a way that optimizes the ability of the City to accomplish the City Council's strategic plan goals and objectives.

The mission and goals of the Department are fulfilled through the following program components:

- Automating the processes and research needs of the office to maximize the timeliness and quality of services provided.
- Providing legal counsel through written and oral opinion and consultation.
- Generating and reviewing requisite legal documents.
- Appearing as legal counsel, agent, advocate, negotiator, liaison, and lobbyist for West Valley City, the Utah League of Cities and Towns, or other entities when requested by the City Council and/or City Administration.
- Negotiating and litigating claims brought against and on behalf of West Valley City, its City Council, and its employees.
- Identifying risk and reducing or preventing loss through risk control techniques such as training, establishing guidelines and policies, avoiding exposure, and transferring risk through contracts and insurance purchases.
- Managing the use of outside counsel and other consultants where required.
- Prosecuting violations of West Valley City ordinances and applicable State statutes both in the courts and in administrative proceedings.
- Serving as probation officers for high risk domestic violence defendants.
- Providing services to victims, from the initial incident through the court process, in the form of information, resources, support, and advocacy for victim's rights.
- Collecting debts and judgments stemming from the City's services and enforcement efforts.
- Managing workers' compensation claim and developing programs to reduce the number and severity of claims.

PROGRAM GOALS:

- Complete Civil Division work for the City departments, within the Division's legal opinion and document preparation timeline goals.
- The Civil Division will enforce collection of funds due to the City.
- The Prosecutors will screen domestic violence cases and continue the court-ordered probation program for high-risk domestic violence defendants.
- The Office of Risk Management will mitigate risk to the City by reducing claims.

No significant changes to expenditures or staffing. Budget remains basically equivalent to last year.

PROGRAM DESCRIPTION:

This Division performs all maintenance of City parks, trails, open spaces, and other formal City properties. Ie., City Hall, E-Center, Hale Centre Theatre, Harman Home, UCCC festival grounds, Shop, etc. The Division is labor intensive during the summer. Seasonal employees are hired at that time to help take care of the park needs. During winter months, permanent park maintenance employees perform maintenance on park equipment and facilities, construct park shop improvements, remove snow from over nine miles of walks and over 5200 parking stalls, receive training, and chip Christmas trees.

This Division is facing major issues caused by delaying needed capital improvements and equipment replacements.

DEPARTMENT: Parks & Recreation
DIVISION: Park Maintenance

The Parks Maintenance Division utilizes a four level system to determine the allocation of time, dollars and equipment based on assigned priorities. The following matrix describes each level:

	Level 1	Level 2	Level 3	Level 4
Mowing	Every 2 Weeks	Every 10 Days	Every 7 Days	Weekly or more
Trimming	None	Every 20 Days	Every 14 Days	Weekly or more
Edging	None	Every 20 Days	Every 14 Days	Weekly
Turf Weed Control	30% or more of turf is weed infested	20% of turf is weed infested	10% of turf is weed infested	Weed Free
Grub, Webworm and Fungus Control	50 % of turf infested	30% of turf infested	10% of turf infested	0-5% of turf infested
Fertilizer	1 Application	2 Applications	3 Applications	As needed w/sampling
Water Use	Water 95% or less of ET Rate	Water at 98% or less of ET Rate	Water at 100% of ET Rate	Water at 100% of ET plus spot watering
Sprinkler Check	Drive thru visual twice weekly	Visual 2X/week and some zone review	Complete weekly zone review	2X/week complete zone review
Sprinkler Audits	None	None	Every 4 Years	Every 2 Years
Parks Check				
Trash Pick-up	7 Days	Twice a Week	3 Times a Week	Daily
Graffiti Removal	Soon as Possible	Within 48 Hours	Within 36 Hours	Within 24 Hours
Fence Repair	Safety Hazards Only	Safety hazards and some needed repairs	Safety hazards and most needed repairs	Repair and replace as damage occurs
Facility Repair	Safety only	20-30 days	7-10 days	1-2 days
Parking Lots / Trails (asphalt repair)	Safety hazards only	Safety hazards and some needed repairs	Safety hazards and most needed repairs	Repair and replace as damage occurs
Tree Replacement	None	20 Trees	50 Trees	As needed
Tree Pest Control Bores, Mites, Scale, Beetles, Aphids, etc.	40% or more of trees infected	25% of trees infected	15% of trees infected	Less than 5% of trees infected
Tree Planting	None	1 x per year	2 x per year	Level 3, Replace as Needed
Tree Pruning	For safety only	Every 2-3 years	Once per year	As needed

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

No significant changes.

Programs offered at the Fitness Center increased in number last fiscal year requiring staff to increase proportionately. Revenue from the increased activity is dedicated to pay for the additional staff.

A new position entitled Wellness Instructor was added. The position conducts wellness seminars, orientations, teen fitness programs, etc. Revenue from these programs covers the costs for this position. One of the first programs from this position was a “Biggest Loser” contest with 99 participants.

The building and most equipment are over ten years old. Equipment replacement and keeping up with repairs are the biggest issues.

PROGRAM DESCRIPTION:

DEPARTMENT: Parks & Recreation
DIVISION: Fitness Center

The West Valley City Family Fitness Center provides family-oriented fitness and recreational opportunities that enhance the quality of life for residents of all ages and abilities, maximizing potential growth and development opportunities through leisure experiences.

PROGRAM GOALS:

- Operate Fitness Center in the most effective and cost efficient manner.
- Establish a strong programming blueprint to include fitness, recreational/cooperative, competitive and instructional-based formats that meet citizen demand

DEPARTMENT ACTION ITEMS	Performance Measures			
	07-08 Actual	08-09 Actual	09-10 Actual	10-11 Goal

TOTAL	615,904	984,648	100,000	-89.8%

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

These Fees are generated from the impact new development has on the Park and Trail System. The economy has slowed down growth which will be reflected in the amount of Impact Fees received.

PROGRAM DESCRIPTION:

This account is managed by the Parks and Recreation Department. Revenues estimates are based on projected building volume. Revenues are generated from fees charged when building permits are issued. The funds are used to purchase open space and construct parks within the City. These Funds are not used for maintenance

The division was created to acquire and construct new parks and open space properties. Following the master plan of the city, properties are identified as future park sites. As land develops, park staff work with developers and property owners to ensure an adequate amount of open space is preserved for this and future generations of residents through land dedications and purchases.

PROGRAM DESCRIPTION:

This division maintains the golf course and provides improvements that will enhance playing conditions and improve the golfing experience. Most of the time is spent in landscape maintenance and conditioning. Golf Courses require specialized daily maintenance of the putting greens and driving tees. Workers at the golf course need to be schooled and trained in the most up-to-date sciences relating to turf. This Division is staffed heavily in the summer with seasonal workers in order to keep up with the golfing demand.

The West Ridge Maintenance Division utilizes a four level system to determine the allocation of time, dollars, and equipment based on assigned priorities. The following matrix describes each level:

DEPARTMENT: **Golf Course**

PROGRAM DESCRIPTION:

This division maintains Stonebridge Golf Course, while providing improvements to enhance playing conditions and improve the golfing experience. A majority of an employee's time is spent on general landscape maintenance and conditioning such as specialized daily maintenance of the putting greens and driving tees. Workers at the golf course need to be schooled and trained in the most up-to-date sciences relating to turf. This division is staffed heavily in the summer with seasonal workers in order to keep up with the golfing demand.

The Stonebridge Maintenance Division utilizes a four level system to determine the allocation of time, dollars, and equipment based on assigned priorities. The following matrix describes each level:

DEPARTMENT: **Golf Course**
DIVISION: **Maintenance**

	Level 1	Level 2	Level 3	Level 4

DEPARTMENT: **Police**
DIVISION: **Administration**

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

In consultation with Human Resources, all of the personnel FTE (full-time employee) positions have been placed in the Administrative Division's budget. This change will not affect the operations of the different divisions.. Because of the number of transfers between divisions this change will improve the ability of the department and Human Resources to ensure the FTE budgets are balanced throughout the year.

PROGRAM DESCRIPTION:
The Administrative Division of the Police Department is responsible to ensure the overall mission statement for the Police Department is carried out. The department mission statement is: The West Valley City Police Department is committed to working in partnership with the members of the community to cultivate a safe environment to live, work, and visit. Members of the Department will pursue this end with diligence, courtesy, leadership, and ethical conduct. It is essential that timely and useful information regarding equipment and personal resources, crime patterns and trends, and policies and procedures are evaluated and used to track the effectiveness and progress of the Department. This includes ensuring that divisions within the Department are adequately staffed, that each employee is equipped with the tools to complete their job, citizen concerns and complaints are adequately investigated and addressed, and administrative clerical functions are completed.

PROGRAM GOALS:

- Reduce crime by effectively identifying crime patterns within the City
- Increase community confidence in police professionalism
- Ensure timely and relevant information is available to responsible stakeholders regarding crime trends and patterns within the community (new)

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

Personnel budget was transferred to Administrative Division.

PROGRAM DESCRIPTION:

The Detective Division follows up on all active cases generated by the Patrol and Community Services Division. The detectives also initiate pro-active investigations. Homicide, assault, robbery, gang related crime, and other major crimes are assigned to the Major Crimes Squad. Burglary, vehicle theft, forgery, fraud, and computer related crimes are assigned to the Property Squad. The school resources officers are each assigned to a junior high or high school and are part of the Youth Squad. All domestic violence and sex crimes involving both adults and juveniles are assigned to the Domestic Violence/Sex Crimes Squad. This squad also includes detectives that track registered sex offenders in West Valley City.

Detectives have worked closely with the City and District Attorney's offices to present cases that are able to be successfully prosecuted and resolve some of the community's greatest concerns. Some types of cases are, but not limited to: domestic violence, identity theft, sexual based offenses against adults and children, fraud, and burglaries.

DEPARTMENT: **Police**
DIVISION: **Investigations**

PROGRAM GOALS:

- Assign active cases to a detective specializing in the field of criminal activity
- Prioritize active cases to ensure those with high solvability factors are promptly investigated and cleared with arrests.
- Reduce the incidents of violent crimes, including gang related crimes in City

Personnel budget was transferred to Administrative Division.

PROGRAM DESCRIPTION:

The Patrol Division is often referred to as the backbone of the Police Department. Their responsibility is to respond to a wide variety of calls for service. Patrol officers responses to these calls often determine the overall success or failure to clear the call in a favorable manner. They are also expected to be proactive in identifying criminal acts in progress, developing relationships with residents and business' in their assigned area, and be good ambassadors for the Department and the City.

PROGRAM GOALS:

- Reduce overall response times
- Enhance cooperation with code enforcement

PROGRAM DESCRIPTION:

The S.W.A.T. (Special Weapons and Tactics) Team is comprised of three squads of officers that are trained and experienced in high risk tactics the department may call upon as the need arises. This team executes high risk search warrants and they respond to barricaded subjects, including hostage situations. Members of the S.W.A.T. Team train on a monthly basis for critical incidents that involve dangerous entries into homes, cars, schools, or businesses. One of the squads is designated as a sniper squad and provides sharpshooter resources when the need arises. These officers are also trained on less lethal weapons for use in appropriate tactical situations. There are no personnel assigned to this budget division inasmuch as S.W.A.T. is a collateral assignment for all members and each have primary duty assignments throughout the department.

PROGRAM DESCRIPTION:

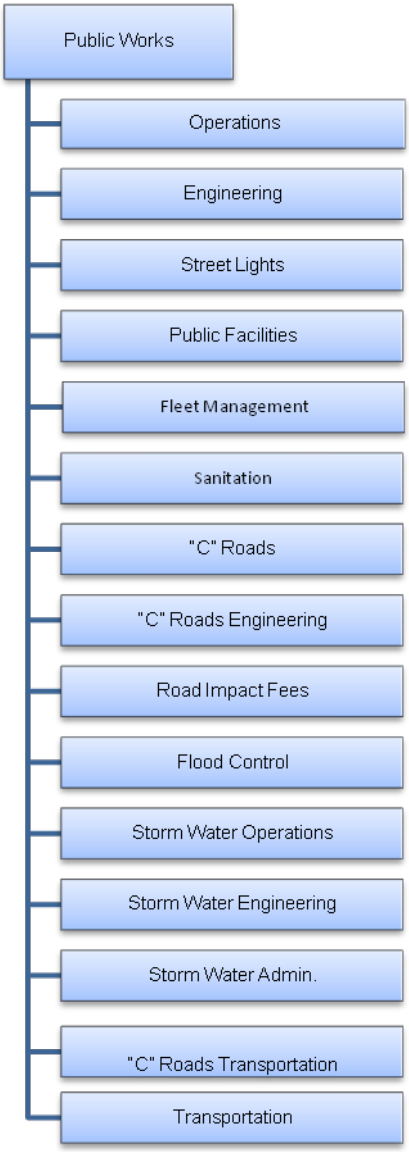
Impact fees are collected through building permits as the City expands. The funds are used to acquire additional facilities to meet the City's demands.

Public Works Department



Public Works Department

PUBLIC WORKS MISSION STATEMENT

Provide an environment which is healthy, safe, and comfortable for the citizens and employees of West Valley City. Provide efficient and timely operation and maintenance of all public works systems and programs, including: transportation, storm drainage, solid waste collection, snow and ice removal, and the facilities and vehicles used to provide these services. Ensure the quality and effectiveness of these services and facilities through quality workmanship, professional planning, design, construction, and inspection.

PROGRAM DESCRIPTION:

The Public Works Department consists of the following divisions:

ADMINISTRATION
OPERATIONS
TRANSPORTATION
ENGINEERING
STREET LIGHTS
PUBLIC FACILITIES
SANITATION
FLEET MANAGEMENT
STORM WATER

DEPARTMENT: **Public Works**
DIVISION: **Administration**

The Public Works Department conducts efficient, timely, and safe operation and maintenance of all public works systems and programs such as streets and waterways, storm drainage, solid waste collection, snow and ice removal. The department has two support divisions, Facilities and Fleet Management, which provide services to all City Departments. The quality and effectiveness of these services and facilities is ensured through professional planning, design, construction and inspection.

The Department operations are funded from the City General Fund and restricted funds such as State Gas Tax (Class C Road Funds), Impact fees, Garbage Collection Fees, Storm Water Utility, other grants and user fees.

Administrative staff supports divisions with payroll, budgeting, GIS (Geographic Information System), coordination between divisions, and other technical and administrative tasks. The Director meets regularly with division heads to review activities, set direction and assist where necessary.

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

Utilities, i.e. electricity, gas, water, have been transferred to a single account in the Non-Departmental Division. These payments are still overseen within the Public Works Department.

PROGRAM DESCRIPTION:

The Operations Division performs all aspects of pavement maintenance (i.e. slurry seal, crack seal, overlays, and patching), roadside maintenance (i.e. grading aggregate shoulders, tree trimming, weed & trash control), concrete maintenance, (i.e., hazardous sidewalk and curb and gutter repairs, handicap ramp installation, cleaning and sealing of stamped concrete park strips), snow removal, and Storm Water Utility operations (i.e., all City streets swept monthly and all catch basins cleaned twice yearly.) All large street and storm drain construction, and large pavement overlays are done by contract.

DEPARTMENT: **Public Works**
DIVISION: **Operations**

PROGRAM GOALS:

- Provide the citizens of West Valley City an aesthetic and safe environment by assuring high-quality, efficient maintenance is provided to all streets, rights-of-way, curbs, gutters, and sidewalks, and storm drainage systems in a safe and timely manner

Utilities, i.e. electricity, gas, water, have been transferred to a single account in the Non-Departmental Division. These payments are still overseen within the Public Works Department. Also, with the completion of the Animal Shelter/Housing Building and the Police Vehicle Storage Building, another custodian was approved to help care for these new facilities.

PROGRAM DESCRIPTION:

The majority of city-owned properties are maintained by the personnel of this division. Duties include H.V.A.C. (Heating, Ventilation and Air Conditioning), lighting, plumbing, carpentry and electrical work. Larger, or more complex work is performed by Contractors under the supervision of the Public Facilities Manager.

PROGRAM GOALS:

- Provide residents of the City and employees well-maintained and functionally appropriate facilities, giving courteous, cost-efficient, and quality repair service, in addition to regular preventative maintenance.

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

To increase our ability to equip vehicles with lights and sirens, both in-house and for outside agencies, one Mechanic III was promoted to Master Automotive Electrician during 2009-10. Another Mechanic II was added to replace the promoted mechanic.

PROGRAM DESCRIPTION:

The budget for Fleet labor and overhead for all general fund operations is included in the Fleet Management Division budget. The cost of parts and outside vendor repairs are charged to each department.

The Fleet Maintenance Division follows a comprehensive preventative maintenance program which includes extensive lubrication and mechanical services, plus thorough inspection of all high-wear and safety components every 3,000 miles. The staff also handles major and minor repairs, including complete overhauls, tune-ups, and service of all City-owned vehicles. Services include complete semiannual certification inspections to conform to U.R.M.M.A. requirements and reduce liability. Installation and repair of electronic components, i.e., two way radio equipment, light bars and sirens, and other add-on equipment are provided.

DEPARTMENT: **Public Works**
DIVISION: **Fleet Maintenance**

The division provides service to numerous outside agencies which includes preventative maintenance, repairs and equipping new vehicles. The Division manages fleet replacement, specifies & orders new vehicles for purchase, manages outfitting of new vehicles, and handles vehicle licensing and gas cards.

PROGRAM GOALS:

- To provide users of the City fleet with dependable, well-maintained vehicles and equipment, by giving courteous, cost-efficient, quality repair service and regular preventative maintenance

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

Under Ace Disposal's contract, a yearly increase is included according to the Consumer Price Index for the previous year. A 2.7 % increase is included in this fiscal year's budget.

PROGRAM DESCRIPTION:

Sanitation is under the direction of the Operations Manager and administers the contract for weekly removal of refuse, the Neighborhood Dumpster Program, Bulky Waste pickup, and garbage containers (purchase, delivery, removal, repair, etc.). Since July 1, 2005, Ace Disposal, a local waste hauler, has provided weekly automated trash collection, monthly bulky waste collection and dumpsters for the Neighborhood Dumpster Program. The level of service is monitored by complaints received from citizens and by spot check of areas within the City.

A recycling program was started March 3, 2008, with over 27,000 recycling cans delivered to every single family resident in WVC. The can is picked up every other week. The recycling costs an additional $3.30 per month per household, but should decrease the waste stream dumped in the landfill.

PROGRAM GOALS:

To provide professional and courteous sanitation services in a timely manner to all single family and duplex dwellings within West Valley City.

DEPARTMENT: **Public Works**
DIVISION: **Sanitation**

TOTAL	8,183	8,150	8,150	0.0%

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

The Clean and Beautiful Committee is now under the Public Relations Division of the Administration Department, but will continue to be funded from the Sanitation funds. Any beautification projects, included in capital outlay yearly project ideas, will be presented to Council for approval. The Council will consider the benefits of the proposed project, and adjust the budget as needed.

PROGRAM DESCRIPTION:

The Clean and Beautiful Committee is charged with promoting public interest in the general improvement of the environment of West Valley City, to initiate, plan, direct and coordinate programs for the reduction of litter and trash and general beautification and improvement of the quality of life.

DEPARTMENT: **Public Works**
DIVISION: **"C" Road Operations**

EXPENDITURES:	Actual 2008-2009	Adopted 2009-2010	Adopted 2010-2011	Percent Inc./Dec.

TOTAL	2,125,744	2,284,828	2,734,056	19.7%

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

An assessment of minor street conditions indicates more funding is needed for street maintenance. The "C" Road Operations budget has been increased to address this need. Other "C" Road budgets have been reduced of necessity, since revenues are flat.

PROGRAM DESCRIPTION:

This Class C road budget is primarily a funding account for labor, materials and maintenance projects managed by the Operations Division. Class "C" Road funds are restricted and can only be used for street maintenance and new construction. Approximately 70% of the City's street maintenance is funded from Class "C" Roads. Activities funded by Class "C" Road funds include: asphalt overlays, chip seals patching, crack sealing and slurry sealing, sidewalk maintenance, and snow removal. Facilities and equipments used for street maintenance are also funded from this account.

PROGRAM GOALS:

See also Operations Division for department action items including in-house work.

Capital Outlay	37,202	45,126	0	0.0%
TOTAL	374,222	330,126	285,000	-13.7%

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

Capital outlay has been reduced to match expected flat revenues and to increase budget for road maintenance in "C" Road Operations division.

PROGRAM DESCRIPTION:

This Class C road budget is primarily a funding account for labor, materials and maintenance projects managed by the Transportation Division. Class "C" Road funds are restricted and can only be used for street maintenance and new construction. Activities funded by this Class "C" road fund include: traffic signal maintenance, Neighborhood Traffic Control Program, intersection improvements, traffic striping, and street sign installation, upkeep and replacement. Salt Lake County provides traffic signal maintenance. Most pavement markings are done by private contract.

DEPARTMENT: **Public Works**
DIVISION: **Road Impact Fees**

EXPENDITURES:	Actual 2008-2009	Adopted 2009-2010	Adopted 2010-2011	Percent Inc./Dec.
Operating Expenses	60,000	60,000	60,000	0.0%
Projects	333,272	855,000	90,000	-89.5%
TOTAL	393,272	915,000	150,000	-83.6%

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

Capital outlay has been reduced to match expected reduction in revenue.

PROGRAM DESCRIPTION:

In January 2006, the City Council adopted a revised Impact Fee Ordinance, which increased road impact fees in West Valley City. Road Impact Fees are charged to all new developments within the City based on the amount of traffic generated by the use. To determine the fee amount, a study was conducted by the Transportation Division to update the original impact fee study completed by James Duncan and Associates, in 1997. The study update included revised traffic generation rates and increased construction costs. Additional improvements for Transportation System Management, and street lighting were also added. The fees are used to construct the transportation infrastructure needed to offset the impact of the development.

Road Impact Fees combined with Class “C” Road Funds and other City revenues are used to increase traffic capacity on the City’s major street system. Impact fees can also be used to reimburse developers for improvements made in excess of the impact of their development. The Impact Fee Ordinance requires that offsets against the impact fees be given for improvements to the major street system made by private developers.

PROGRAM GOALS:

TREND ANALYSIS	Statistic		
	08-09 Actual	09-10 Actual	10-11 Projection
Reimbursements to developers for work completed ($ paid)	$400,977	$109,115	$90,000

FLOOD CONTROL IMPACT FEES

DEPARTMENT: **Public Works**
DIVISION: **Flood Control Impact Fees**

EXPENDITURES:	Actual 2008-2009	Adopted 2009-2010	Adopted 2010-2011	Percent Inc./Dec.

TOTAL	591,145	621,821	615,421	-1.0%

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

None

PROGRAM DESCRIPTION:

The Storm Water Utility went into effect July 2, 2001. Because of the federally mandated National Pollution Discharge Elimination System (NPDES), West Valley City, along with 50 other cities in Utah**,** was required to implement a Storm Water Management Plan to improve storm water quality. The money collected from the Utility helps improve storm drains, build new storm drains, educate the public, increase street sweeping to help eliminate pollutants before they enter the storm drain system, etc. The rate per single family residence is $4.00 per month. This rate was established by measuring the impervious surface of 250 single family residences in the City (from a random draw). The average was 2,830 square feet of impervious surface per residence or 1 Equivalent Residential Unit. Commercial and industrial properties were measured and charged 1 ERU for every 2,830 square feet of impervious surface on their property

DEPARTMENT: **Public Works**
DIVISION: **Storm Water Utility-Operations**

EXPENDITURES:	Actual 2008-2009	Adopted 2009-2010	Adopted 2010-2011	Percent Inc./Dec.

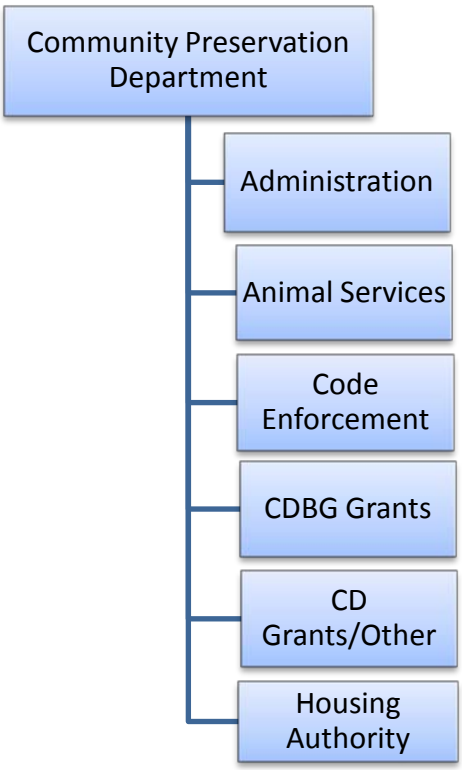
Community Preservation Department



Community Preservation Department

CPD MISSION STATEMENT

Preservation, stabilization and improvement of West Valley's residential and commercial entities is the responsibility of the Community Preservation Department. The preservation of our neighborhoods as entities that maintain and increase quality of life, safety, and property value is inherently necessary to the success of West Valley City as a municipal entity.

SIGNIFICANT EXPENDITURE AND STAFFING CHANGES:

A Hispanic Neighborhood Services Specialist was transferred to the Department from Public Relations in order to better utilize his expertise.

PROGRAM DESCRIPTION:

The mission of the Community Preservation Department (CPD) is to improve the quality of life in West Valley City; improve neighborhood livability and appearance; promote decent housing for all West Valley City residents; provide access to grant opportunities in support of City programs.

The Community Preservation Department provides services to residents, businesses, landowners, and other West Valley City Departments through its functional working Divisions. These Divisions include: Housing/Grants, Animal Control, and Code Enforcement.

PROGRAM GOALS:

- Monitor and improve Department service to the public
- Support and measure each division working to meet their current Strategic Plan goals.

PROGRAM DESCRIPTION:

The Voucher or Section 8 program is a HUD funded rental assistance program for qualified low income individuals. Participants must earn less than 50% of the area median income as defined by HUD (U.S. Department of Housing and Urban Development). Qualified applicants then choose where they would like to rent and pay 30% to 40% of their income for rent. The program subsidizes the remaining balance, thus allowing participant to move out of high-poverty areas.

PROGRAM GOALS:

- Assist as many households as possible through Section 8 funding

CAPITAL IMPROVEMENT PROGRAM

DEPARTMENT: **Capital Improvement**
DIVISION:

CIP Goals FY 2010-2011:

The purpose the Capital Improvement Program (CIP) is to organize and schedule repairs, to replace and acquire capital equipment, and to fund construction projects to meet the needs of West Valley City. The goals for fiscal year 2010-2011 are:

- Substantially meet the vehicle (Rolling Stock) needs of the City.
- Provide and maintain recreational projects for the Citizens of West Valley City.
- Provide and maintain the City's infrastructure including roadways, waterways, storm drainage, public facilities, and street lighting.

INTRODUCTION

City purchases are divided into two parts: items under $5,000 are included in the operations and maintenance budgets, and items over $5,000 are considered capital expenditures. All of these expenditures make up the Capital Improvement Program. The majority of the capital improvement purchases are included in the individual funds, for improved tracking and monitoring. However, there is a fund setup specifically for projects that are non-departmental in nature. Most of these expenditures deal with the City's construction projects. There is currently no construction projects anticipated in the 2010-2011 fiscal year.

OVERVIEW

The purpose of the Capital Improvement Program (CIP) is to organize and schedule repair, replacement, and acquisition of capital equipment and/or projects to meet the needs of West Valley City.

The CIP is a continuous program which is divided into three component parts: vehicles and equipment; infrastructure; and office improvements. Each year, the Capital Improvement Program for infrastructure, is developed through the Strategic Planning process. The Capital Improvement Program for vehicles and equipment is developed by the Fleet Maintenance Division based on age and maintenance records of each piece of equipment. All office equipment is being budgeted in each Division's Budget. Infrastructure is presently being budgeted in the individual impact fee funds. Current and future plans will provide for adequate purchases and maintenance of public improvements.

The CIP Budget has discontinued funding the acquisition and replacement of vehicles. These are now expended through the Non-Departmental Division in the General Fund, although there is no budget allocated this year for light fleet in that division. The City has chosen to fund the majority of capital projects, equipment, and other capital expenditures through individual funds, not the CIP:

Fund 11 – Class "C" Roads
Fund 24 – Building Authority
Fund 31 – Road Impact
Fund 32 – Park Impact
Fund 33 – Fire Impact
Fund 34 – Police Impact
Fund 35 – Flood Impact
Fund 36 – Storm Water Utility

A list of those projects and their impact upon the operating budget can be found in the following pages.

DEPARTMENT: **Capital Improvement**
DIVISION:

EXPENDITURES:	Actual 2008-2009	Adopted 2009-2010	Adopted 2010-2011	Percent Inc./Dec.
Transfers Out	1,112,674	1,908,940	0	
Transfers In	(10,792,320)	(31,578)	0	
Debt Service	982,618	0	0	
Capital Projects	5,334,666	7,501,062	0	
TOTAL	(3,362,362)	9,378,424	0	

SIGNIFICANT EXPENDITURE CHANGES:

Because of significant projected revenue shortfall, in comparison to last year, all new capital projects have been put on hold. Funding for obligated projects has been allowed and some rollover amounts, balances from previously begun projects, will probably continue. These will be added through the budget opening process later on in the year. Vehicles have not been budgeted this year. However, the current plan is to have some vehicles replaced through capital leases, necessitating a budget opening to be made midyear for these items. The number of vehicles and the expenditures associated with the leases has yet to be determined. The debt service, a vehicle lease, is still being paid through the General Fund debt service division due to audit requirements.

PROGRAM DESCRIPTION:

The Capital Improvement Fund establishes the plan for capital expenditures to be incurred each year over a fixed period of several years. The City Council gives the City Manager direction each year for the priority of projects on the limited funds available.

STATISTICS:

Parks and Recreation Development Plan

The projects listed below are projects planned by the Parks and Recreation Department. None of these projects, for 2010-11, are currently funded with this year's budget. Projects currently funded in the current year are **bolded**. The Fitness Center equipment will be replaced by monies currently found in a replacement reserve account. Other projects will be started should monies become available throughout the year, either through unanticipated grants or one time land sales, which are not currently included in the budget. Projects for future years will be evaluated on an ongoing basis and approved based on revenue projections and fund balance available for allocation.

2010-11

Cross Towne Development Segment.....$200,000
Skate Park Construction at City Center.....$300,000
10 Acre District Park Acquisition $1,200,000
Park Equipment and Structure Renovation and Replacement.....$500,000
Park Construction (West of Highway U111).....$350,000
City Center Urban Park Construction.....$300,000
Replace Fitness Center Equipment $30,000

2011-12

Trail Segments on North/South Trail $250,000
District Park Development.....$850,000
Cross Towne Trail Bangerter Overpass $2,500,000
Park Equipment and Structure Renovation and Replacement.....$500,000
Trail Segment on North/South Trail (Legacy Highway).....$300,000
Replace Fitness Center Equipment $300,000

DEPARTMENT: **Capital Improvement**
DIVISION:

West Valley City
Budgeted Capital Projects Expenditure Summary – By Department
Budgeted for Fiscal Year 2010-2011

Dept.	Project	Page Reference	Project Request	Funding Source
Parks and Recreation	Fitness Center	E-4	$30,000	Building Authority
Public Works	Pavement Management	E-3	$1.109,450	C-Roads
	Street Improvements	E-3	$285,546	C-Roads
	Storm Drainage	E-3	$127,215	Storm Water

TOTAL BUDGETED CAPITAL PROJECTS:

All of the following projects have received City Council approval and funding. A more detailed description, including the anticipated effects of these projects on the City's operating budget, is included on the following pages. However, there are some projects that were initiated last year which are not yet complete and are **not** included in the original City budget. City Council usually approves unspent amounts, balances available from prior years, to be rolled over into the following year to be expended. Because exact resources available are not known at the time of the budget preparation, and because the financial audit is not complete, these amounts are added to the budget during a midyear budget opening. Dollar amounts are only estimates pending accruals and audit adjustments that may occur. At the current time the projects projected to roll over are:

Project	Amount	Funding Source
Animal Shelter Construction	$ 108,000	Bond Proceeds
7200 West Road Construction	$1,481,777	Federal Government Stimulus
Administration Office Remodel	$ 58,146	CIP Fund Balance
Parks Office Remodel	$ 8,950	CIP Fund Balance
Vehicle Storage Facility	$ 11,475	CIP Fund Balance
City Hall Parking Lot Resurface	$ 61,630	CIP Fund Balance
Rolling Stock Lease Replacement	$ 22,219	General Fund

DEPARTMENT: **Capital Improvement**
DIVISION:

PROJECT: Fitness Center Equipment Replacement

DESCRIPTION:

This project provides for the replacement of worn exercise equipment such as treadmills, stair climbers, stationary bikes, and weight training equipment. In past years, these replacement costs have come from the facilities operating budget. However, there exists a reserve fund set aside from the bond agreement that can be used for capital expenses. The Fitness Center will likely take advantage of these reserve funds to replace their equipment.

ESTIMATED PROJECT COST:

Year	General Fund	Non-General Fund Portion	Total
2010-11	0	30,000	30,000
2011-12	0	30,000	30,000
2012-13	0	30,000	30,000
2013-14	0	30,000	30,000
2014-15	0	30,000	30,000
2015-16	0	30,000	30,000
TOTAL	0	180,000	180,000

PROPOSED SOURCES OF FUNDING:

	2010-11	**Beyond 2011**
Fitness Center Series 1998a Bond Reserve	30,000	$150,000

IMPACT OF PROJECT ON OPERATING BUDGET

Any funds needed to replace the Fitness Center equipment from the reserve account are found in the Building Authority. The General Fund budget will be affected indirectly by the amount as it subsidizes the Fitness Center with property tax revenues, with an additional operating subsidy, through interfund transfers. Keeping the equipment up to date and well maintained will hopefully keep existing customers and attract new customers.

DEPARTMENT: **Capital Improvement**
DIVISION:

PROJECT: Pavement Management

DESCRIPTION:

This project preserves the life of City streets. Crack seal fills the cracks in the pavement with hot tar, created by the freeze/thaw cycles of our climate. Chip seal and asphalt overlay are applied to road surfaces to renew and extend the road life. The City performs this service in six year rotations – resurfacing every street every six years. It is a continuous project.

ESTIMATED PROJECT COST:

Year	General Fund Portion	Non-General Fund Portion	Total
2010-11	0	1,109,450	1,109,450
2011-12	0	1,000,000	1,000,000
2012-13	0	1,000,000	1,000,000
2013-14	0	1,000,000	1,000,000
2014-15	0	1,000,000	1,000,000
2015-16	0	1,000,000	1,000,000
TOTAL	0	6,109,450	6,109,450

PROPOSED SOURCES OF FUNDING:

	2010-11	**BEYOND 2011**
Class “C” Road	$1,109,450	$5,000,000

IMPACT OF PROJECT ON OPERATING BUDGET

Pavement projects have no net effect on the City’s operating budget. All revenues are derived from fuel taxes received through the State of Utah. If revenues are to be exceeded, the Class C fund balance may be used.

DEPARTMENT: Capital Improvement
DIVISION:

PROJECT: Street Improvements

DESCRIPTION:

Only one major street improvement project is planned for this year. The Lake Park Project will reimburse the developer for construction of the Lake Park road extension from 4800 W. to 5600 W. and take care of other street related projects. This project is planned to be completed during the 10/11 fiscal year.

ESTIMATED PROJECT COST:

Year	General Fund	Non-General Fund Portion	Total
2010-11	0	285,546	285,546
2011-12	0	0	0
2012-13	0	0	0
2013-14	0	0	0
2014-15	0	0	0
2015-16	0	0	0
TOTAL	0	285,546	285,546

PROPOSED SOURCES OF FUNDING:

	2010-11	BEYOND 2011
Class “C” Road	$285,546	$0

IMPACT OF PROJECT ON OPERATING BUDGET

There will be no net effect on the City’s operating budget as all funds are derived from Class C-Roads Fees. The fund balances of these funds may be used should expenditures exceed annual revenues.

DEPARTMENT: Capital Improvement
DIVISION:

PROJECT: Storm Drainage Improvements

DESCRIPTION:

These projects and equipment will solve a variety of drainage problems throughout the City. Future year's projects (funding) are not assured as they depend on the status of the fund balance, collected revenues, and anticipated expenditures.

ESTIMATED PROJECT COST:

Year	General Fund	Non-General Fund Portion	Total
2010-11	0	127,215	127,215
2011-12	0	0	0
2012-13	0	0	0
2013-14	0	0	0
2014-15	0	0	0
2015-16	0	0	0
TOTAL	0	127,215	127,215

PROPOSED SOURCES OF FUNDING:

	2010-11	BEYOND 2011
Storm Water Utility Fees	$127,215	$0.00

IMPACT OF PROJECT ON OPERATING BUDGET

The storm water project will not have a net effect on the City budget. Revenues come almost exclusively from fees. If expenditures exceed revenues, available fund balance will be utilized.

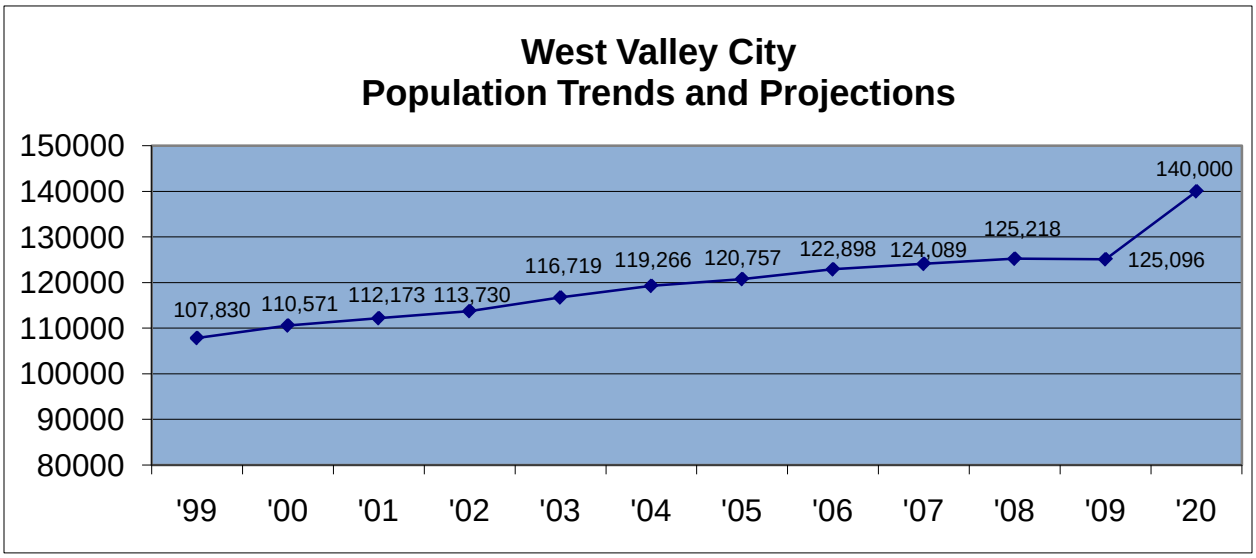
STATISTICAL SECTION

FORM OF GOVERNMENT:..... Mayor/Council, City Manager

INCORPORATED: .....July 1, 1980

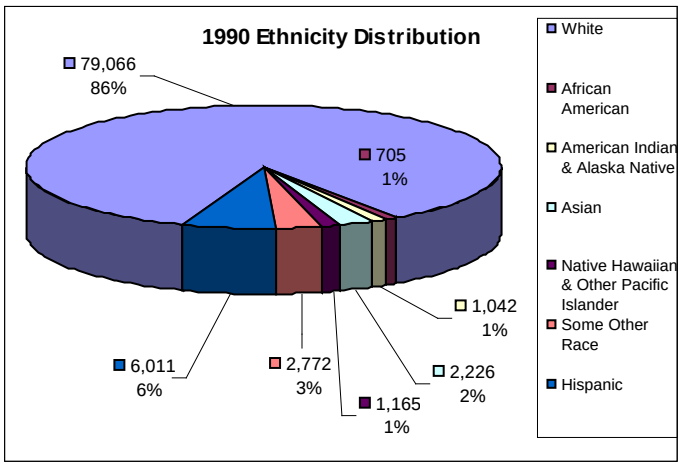
POPULATION (1/1/10):..... 125,096

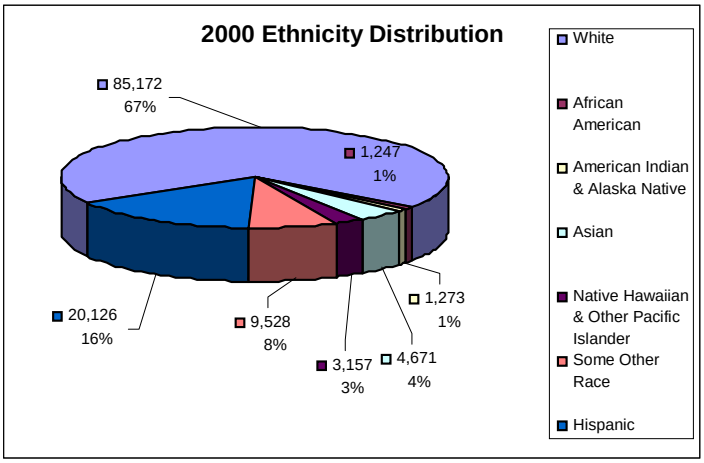
West Valley City experienced virtually no population change from 2009 to 2010, although for the past 10 years average growth has been at approximately 3%. The population is expected to grow slightly in the coming years as there is some room for growth especially on the west side of the City.



Source: CED Department/US Census Bureau

West Valley City Ethnicity Distribution





West Valley City has a proud history of ethnic diversity contributing to a rich cultural environment. The completion of the Utah Cultural Celebration Center (UCCC) in the City has embraced this heritage. The Center is designed to strengthen a sense of unity among the people of the Wasatch Front by highlighting cultural wealth and creativity and offering a forum to celebrate our residents' talents in music, dance, performance and visual arts. The UCCC works to provide a place where family and friends can come together, and where cultural arts are nurtured, promoted, and celebrated.

West Valley City, Utah

West Valley City, Utah's second largest city, is nestled in the Salt Lake Valley between the Wasatch and Oquirrh mountain ranges. The City's scenic beauty is enhanced by its sense of community and its commitment to provide high-quality public services for residents and businesses.

West Valley City was incorporated on July 1, 1980. It was created by merging the communities of Redwood, Granger, and Hunter. All of which were agricultural communities. The residents of the area desired incorporation to have more control over the community, feeling the County government was not addressing their needs in regards to unattractive developments, land use problems, etc. However, a campaign to dissolve the new West Valley City government had obtained the signatures necessary for a special election to try to disincorporate the City. When the final votes were tallied, the measure failed by a mere 72 votes. West Valley was now officially a city.

The original form of government was a strong Mayor and two Commissioners. In 1982, the form of government was changed to a Mayor, City Council, and City Manager. There are six council members; two of which serve the citizens at large, and the other four are elected to represent their own specific district within the City.

The City Council terms extend for four years, with half of the seats coming up for election every two years, providing overlapping service.

The City continues to grow: expanding in residential housing, businesses, and industry development. The work ethic is strong and family values are promoted. The City's slogan is "Unity - Pride – Progress". As projects are being completed within the city, a sign proclaims "Progress as Promised". The West Valley promotion campaigns extol "Live - Work - Play in West Valley City".

A detailed early history of the communities of Redwood, Granger, and Hunter may be found in "Under Granger Skies - History of Granger 1849 - 1963", written by Rosa Vida Black. Another book, which may be of interest, was commissioned by The West Valley City Civic Committee called "The History of West Valley City 1848 - 1990", written by Michael J. Gorrell. These books may be found in the West Valley Library - 2820 West 3650 South, or Hunter Library - 4740 West 4100 South. In addition, West Valley City's website at **www.wvc-ut.gov** contains a brief historical narrative and is updated regularly to incorporate more current events.

A brief historical time-line of the West Valley City area follows:

- 1848 - Joseph Harker and a handful of other Mormon settlers crossed the Jordan River near today's 3300 South. The group spent the winter in dugouts cut into river-bottom bluffs and the next spring moved to an area that is now Taylorsville.
- 1918 - 3500 South became Granger's first paved street.
- 1942 - Industrial growth caused by World War II brings additional population to Granger, Hunter and Chesterfield, but lack of reliable water supply in the area kept growth to a minimum.
- 1964 - Valley West Hospital opened.
- 1970 - Valley Fair Mall opened.
- 1975 - Hunter replaced West Jordan as Salt Lake Valley's fastest growing community.
- 1980 - Granger, Hunter, and Redwood residents voted to incorporate and became West Valley City, with a population of 72,000.
- 1983 - Valley West Hospital was expanded and became Pioneer Valley Hospital.
- 1990 - West Valley City Hall was dedicated.
- 1996 - Gov. Mike Leavitt declared West Valley City a "first-class city", with 100,000 people.
- 1996 - City leaders lured the Denver Grizzlies hockey team to relocate in West Valley City by building a new hockey arena for the 2002 Winter Olympics.
- 1997 - The new 10,500-seat hockey arena opened and named the "E-Center of West Valley City".
- 1998 - The Hale Centre Theatre at Harman Hall moved into new state-of-the-art building adjacent to the E-Center.

- 1999 - At the grand opening 20,000 residents gave rave reviews of the city's 96,000 square-feet Family Fitness Center.
- 2000 - West Valley City celebrates it 20th birthday with friends from its sister city, Nantou, Japan.
- 2002 - West Valley City participated in a historic event by being a venue city for the Salt Lake City 2002 - Winter Olympic Games. The City provided the venue for the ice hockey events.
- 2003 - The USANA Amphitheater was completed and opened for summer concerts.
- 2003 - The Utah Cultural Celebration Center at the River Front had its grand opening adding another dimension of diversity to the City.
- 2009 – Maverik purchases naming rights to the E-Center, changing its name to the Maverik Center

Points of Interest within City:

1. Maverik Center (2002 Olympic Hockey Venue) at 3200 S. Decker Lake Drive
   - Home of the Utah Grizzlies Professional Hockey Team
   - Concerts/Exhibitions
   - Figure Skating
   - Professional Wrestling
   - Professional Soccer
   - Professional Indoor Football
   - State high school basketball playoff tournament
   - Ragu Classic – National High School Basketball Tournament

2. Harman Hall and the Hale Centre Theatre at 3333 S. Decker Lake Drive
   - Performing Arts
   - Live Theater "In-the-Round".

3. The Centennial Park Complex at 5415 West 3100 South
   - The Family Fitness Center
   - In-door and Out-door Swimming
   - Two Quad Softball Facilities
   - Tennis Courts
   - Soccer Fields
   - Basketball
   - Play Structure
   - Climbing Wall

4. Lake Park Business District at 2500 S. Bangerter Highway
   - Fortune 500 Companies
   - Walking Trails

5. Stonebridge Golf Course at 4415 West Links Drive
   - 27 holes
   - Adjacent to Lake Park Business District

6. West Ridge Golf Course at 5055 South West Ridge Blvd.
   - 18 holes
   - In the foothills of the Oquirrh mountains

7. Acord Arena at 5353 West 3100 South
   - Ice Skating

8. Redwood Multi-Purpose Center at 3060 South Redwood Road
   - Outdoor swimming facility and leisure pool
   - County Recreation activities

9. Utah Cultural Celebration Center at 1355 West 3100 South
    - Art gallery with rotating exhibits
    - Multi-Cultural activities throughout the year
    - Outdoor amphitheater – festivals and concerts
    - Cultural workshops and classes
    - Private parties, banquets, weddings and dances
    - Conferences, seminars and trade shows
    - Community Garden

10. USANA Amphitheater at 6400 West 4700 South
    - 20,000 total seating capacity amphitheater
    - 7,000 reserved seats
    - 13,000 lawn seats
    - 40 Luxury Box seats

11. Harman Senior Center
    - Oil painting, crafts, ceramics, scrap Booking
    - Bingo
    - Exercise
    - Movies, Cards, Parties
    - Billiards
    - Choir
    - Outings , Community Service
    - Free Legal Service to Seniors
    - Free Income Tax Help
    - Medical screening of various types

GLOSSARY

A.C.E.:

Administrative Code Enforcement Program provides code violators reasonable time for compliance before fines are implemented.

A.D.L.:

Agreement for Disposition of Land.

A.L.D.:

Administrative Law Division.

A.O.C.:

Administrative Office of the Courts

ACCOUNTING PERIOD:

A period of time for which financial records are prepared, e.g. a month, quarter, or fiscal year.

ACCOUNTING SYSTEM:

The total set of records and procedures which are used to record, classify, and report information on the financial status and operations of an entity.

ACCRUAL BASIS:

The method of accounting under which revenues are recorded when they are earned (whether or not cash is received at that time) and expenditures are recorded when goods and services are received (whether cash disbursements are made at that time or not).

ALLOT:

To divide an appropriation into amounts which may be encumbered or expended during an allotment period.

APPROPRIATION:

A legal authorization which permits the City to make expenditures and to incur obligations for specific purposes.

ASSESSED VALUATION:

A valuation set upon real estate or other property by a government body as a basis for levying taxes.

AUDIT:

A systematic examination of resource utilization concluding in a written report. It is a test of management's internal accounting controls and is intended to: ascertain whether financial statements fairly present financial positions and results of operations; test whether transactions have been legally performed; identify areas for possible improvements in accounting practices and procedures; ascertain whether transactions have been recorded accurately and consistently; and, ascertain the stewardship of officials responsible for governmental resources.

B.A./Bldg. Auth.:

Building Authority.

BALANCED BUDGET:

A financial plan of operation in which revenues (sources) equal expenditures (uses) for the fiscal year. All individual funds must have a balanced budget. Some funds may be balanced by using the fund balance as a source of revenue. A balanced budget is required of municipalities by State law. (Utah Code 10-6-110)

BALANCE SHEET:

A statement presenting the financial position of an entity by disclosing the value of its assets, liabilities and equities at a specified date.

BOND:

A written promise to pay (debt) a specified sum of money (called principal or face value) at a specified future date (called the maturity date(s)) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt.

BUDGET:

A plan of financial operation embodying an estimate of proposed means of financing them. Used without a modifier, the term usually indicates a financial plan for a single fiscal year. The term "budget" is used in two senses in practice. Sometimes it designates the financial plan presented to the appropriating body for adoption and sometimes it designates the plan finally approved by that body. It is usually necessary to specify whether the budget under consideration is preliminary and tentative or whether it has been approved by the appropriating body.

BUDGET CALENDAR:

The schedule of key dates or milestones which a government follows in the preparation and adoption of the budget.

BUDGET DOCUMENT:

The official written statement prepared by the budget office and supporting staff which presents the proposed budget to the legislative body.

BUDGET MESSAGE:

A general discussion of the proposed budget presented in writing as a part of or supplement to the budget document. The budget message explains principal budget issues against the background of financial experience in recent years and presents recommendations made by the Chief Executive.

BUDGETING (APPROPRIATING):

The City prepares its budget in conformity with practices prescribed or permitted by the applicable statutes of the State of Utah.

C.A.B.

Cultural Arts Board

CADD:

Computer Aided Design and Drafting

C.A.F.R.:

Comprehensive Annual Financial Report.

C.D.B.G.:

Community Development Block Grants.

CED:

Community and Economic Development

C.O.P.:

Community Oriented Policing.

CAPITAL BUDGET:

A plan of proposed capital expenditures and the means of financing them. The capital budget is usually enacted as part of the complete annual budget which includes both operating and capital outlays. The capital budget should be based on a capital improvement program (CIP).

CAPITAL IMPROVEMENT PROGRAM (C.I.P.):

A plan for capital expenditures to be incurred each year over a fixed period of several future years setting forth each expenditure.

CAPITAL ASSETS:

The purchase of property, equipment, and infrastructure assets (roads, sidewalks, bridges, etc.) that has an initial cost of more than $5,000. Costs of normal maintenance and repairs that do not add value to the life of the asset are not capitalized.

CAPITAL EXPENDITURES (OUTLAYS):

Expenditures for the acquisition of capital assets. Any item costing more than $5,000. is considered a capital expenditure and is tracked separately by the City.

CASH BASIS:

The method of accounting where revenues and expenditures are recognized as cash is received and disbursed.

CASH FLOW BUDGET:

A projection of the cash receipts and disbursements anticipated during a given time period. Typically, this projection covers a year and is broken down into separate projections for each month, week and/or day during the year.

CDBG:

Community Development Block Grant

CERT:

Certified Emergency Response Team. A community volunteer organization which consists of individuals that educate people concerning disaster preparations and potential hazards.

CERTIFIED TAX RATE: (C.T.R.)

A tax rate that will provide the same ad valorem property tax revenue for each taxing entity as was levied for the prior year by that entity, plus new growth, less the amount of increase to locally assessed real property taxable values resulting from factoring, reappraisal, or any other adjustments.

CORIS:

Court computer system administered by the State of Utah and used by municipalities.

CPD:

Community Preservation Department

DEBT SERVICE:

Payment of interest and repayment of principal to holders of a government's debt instruments.

DEPARTMENT:

A major unit of organization in the City comprised of subunits called Divisions.

DIVISION:

A subunit of a Department organization.

D.U.I.:

Driving under the influence of alcohol.

E.O.C.:

Emergency Operating Center.

EMT:

Emergency Medical Technician

ENCUMBRANCES:

Commitments which result from unperformed contracts for goods or services.

EXPENDITURES:

Decreases in net financial resources. Expenditures include current operating expenses which require the current or future use of net current assets, debt service, and capital outlays. The term refers to an outflow of funds paid for assets, goods, and services acquired.

F.B.I.:

Federal Bureau of Investigation.

FISCAL PERIOD:

Any period at the end of which a governmental unit determines its financial condition and the results of its operations and closes its books. NOTE: It is usually a year, though not necessarily a calendar year.

FTE:

Full Time Employee

FUND:

An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves, and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

FUND BALANCE (EQUITY):

The excess of an entity's assets over its liabilities. A negative fund balance is sometimes called a deficit. It is the difference between the revenues and expenditures. The beginning fund balance represents the residual funds brought forward from the previous year (ending balance).

G.I.S.:

Geographic Information System.

G.O.:

General Obligation bond. General obligation bonds can be issued by a municipality for any City purpose in an amount not to exceed 4% of the value of the taxable property therein. A city of the first or second class may incur up to an additional 4% indebtedness for the purpose of supplying water, artificial lighting or sewers if they are owned and controlled by the municipality. G.O. bonds are backed by the full faith and credit of the City and require a majority vote in favor of incurring the debt.

GENERAL ACCEPTED ACCOUNTING PRINCIPLES (GAAP):

Uniform minimum standards of and guidelines to financial accounting and reporting. They govern the form and content of the basic financial statements of an entity. GAAP encompass the conventions, rules, and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative statement on the application of GAAP to state and local governments is the National Council on Governmental Accounting's Statement 1. Every government should prepare and publish financial statements in conformity with GAAP. The objectives of governmental GAAP financial reports are different from, and much broader than, the objectives of business enterprise GAAP financial reports.

GENERAL PURPOSE FINANCIAL STATEMENTS (GPFS):

Those basic financial statements which comprise the minimum acceptable fair presentation in conformity with GAAP. As such, they constitute the minimum acceptable scope of independent annual GAAP audits. Under 1968 GAAFB, the GPFS included financial statements for each individual fund and account group maintained by a government. In Statement 1, the NCGA redefined governmental GPFS to consist of financial statements for each of the eight fund types in use and for both account groups presented in separate adjacent columns on the financial reporting pyramid's five Combined Statements Overview.

GOALS:

The end toward which effort is directed.

GRANT:

A contribution of assets (usually cash) by one governmental unit or other organization to another. Typically, these contributions are made to local governments from the state and federal governments. Grants are usually made for specified purposes.

GRAMA:

Government Records Access and Management Act

HAZ.MAT.:

Hazardous Materials.

HOME:

Home Investment Program.

HOPWA:

Housing of People with Aids

H.U.D.:

U.S. Department of Housing and Urban Development.

H.V.A.C:

Heating, Ventilation, Air Conditioning

ISO:

Insurance Services Office. The ISO rating of a community directly affects insurance premiums paid by homeowners. Generally lower ratings, on a 1 to 10 scale, results in lower premiums.

I.T.:

Information Technologies

LUNR:

Low use never (to be) replaced vehicles

LRT:

Light Rail Transit

M.I.S.:

Management and Information Systems.

MISSION STATEMENT:

A declaration defining the specific task with which the City, or Departments, has been charged.

MMS:

Maintenance Management Implementation

MODIFIED ACCRUAL BASIS:

The modified accrual basis of accounting is a mixture of both cash and accrual basis concepts. All funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. Sales taxes are recognized when in the hands of intermediary collecting agencies. All other intergovernmental revenues are recorded as revenue when received. Property tax revenues are recognized in the fiscal year for which they were levied. Licenses and permits, charges for services, fines and forfeitures, and other revenues are recorded as revenue when received in cash.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, an exception to this general rule would include principal and interest on general long-term debt which is recognized when due.

NET INCOME:

Proprietary fund excess of operating revenues, non-operating revenues, and operating transfers-in over operating expenses, non-operating expenses, and operating transfer-out.

NNU:

Neighborhood Narcotics Unit.

NIMS:

National Incident Management System

NON-CAPITAL PURCHASE:

Any purchase less than $5,000.00 that is directly expensed. These are maintained by individual departments.

NPDES:

National Pollution Discharge Elimination System

OBJECTIVE:

A goal or aim toward which the City, Department, or Division will be directing their efforts.

OPERATING BUDGET:

Plans of current expenditures and the proposed means of financing them. The annual operating budget (or, in the case of some state governments, the biennial operating budget) is the primary means by which most of the financing acquisition, spending, and service delivery activities of a government are controlled.

The use of annual operating budgets is usually required by law. Even where not required by law, however, annual operating budgets are essential to sound financial management and should be adopted by every government. See BUDGET.

ORDINANCE:

A formal legislative enactment by the governing board of a municipality. If it is not in conflict with any higher form or law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the municipality to which it applies.

OSHA:

Occupational Safety and Health Administration

PAY-AS-YOU-GO FINANCING:

Pay-as-you-go is the financing of improvement projects from current revenues. Such revenues may come from general taxation, fees, charges for services, special funds, or special assessments.

PSN Grant:

Police Safe Neighborhoods Grant

R.D.A.:

Redevelopment Agency.

REVENUE:

Funding that the government receives as income. Sources of revenue may include tax payments, fees for services, grants, fines, forfeitures, funds received from other entities and/or governments, interest, etc. The term designates an increase to a fund's assets which: does increase a liability (e.g., proceeds from a loan); does represent a repayment of an expenditure already made; does represent a cancellation of certain liabilities; and does represent an increase in contributed capital.

ROLLING STOCK:

Rolling Stock refers to vehicles and other mobile capital equipment.

RSL:

Remaining Service Life

S.A.R.R.:

Statutory Allocation Reduction Revenue.

S.I.D.:

Special Improvement District.

SINKING FUND:

A fund set up and accumulated by regular deposits for paying off the principal of a debt when it falls due.

SIRE:

Software program used in document management and agenda functions,

S.W.A.T.:

Special Weapons and Tactics

S.T.P.:

Surface Transportation Program

TAX ANTICIPATION NOTES:

Notes issued in anticipation of taxes which are retired usually from taxes collected.

TAXES:

Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments.

TAX RATE LIMIT:

The maximum legal rate at which a municipality may levy a tax. The limit may apply to taxes raised for a particular purpose or for general purposes.

TBA:

To be announced.

UCCC:

Utah Cultural Celebration Center.

UDOT:

Utah Department of Transportation

URMMA:

Utah Risk Management Mutual Association

VAWA:

Violence Against Women Act

VECC:

Valley Emergency Communications Center.

VOCA:

Victims of Crime Grant

V.F.M.:

Valley Fair Mall

V.I.P.:

Values Improvement Program.

W.V.C.:

West Valley City.

Z.A.P.:

Zoo, Arts, and Parks tax received from the County to promote cultural related events.

BUDGET CALENDAR

2010-2011
BUDGET CALENDAR

DATE	RESPONSIBILITY	ACTION TO BE TAKEN
10/08/09	All Department Heads	1st Quarter Performance Measures due to City Manager
11/02/09	Budget Accountant	Request copy of new Tax Rate file listings from County Auditor.
