Snow is coming... eventually.

Where should I park?

As winter approaches, please remember that City ordinance requires residents to move cars from the street when there is a one inch accumulation of snow or ice on the roadway. Cars parked on the street make it extremely difficult for snow plows to clear snow and ice from the pavement, especially in cul-de-sacs and on dead-end streets.

When will my street be plowed?

Plow operators are dispatched immediately at the beginning of a storm and stay out continually during the storm. They are responsible for clearing

over 300 center-lane miles of city roads, some of which require four to eight passes.

Snow plows first clear all arterial and major collector streets serving emergency response facilities and heavy traffic. After those roads are clear, the plows begin clearing main subdivision streets serving schools and moderate traffic. Lastly, all other streets, including cul-de-sacs and dead-end streets are plowed.

After a major storm, it may take two to three days for plow crews to clear all the streets.

Can I find out the status of roads that have been plowed?

During the snow season, West Valley City Public Works maintains a **Snow Removal Hotline**, providing regular updates on road conditions during storms. **Call 801-965-7575 for current conditions.**

Utility Billing Has Moved to 2805 South 3600 West

As of December 1, 2014, utility billing payments are no longer accepted at West Valley City Hall. Payments may be made in person at the new West Valley City Utility Billing office, located at 2805 South 3600 West. Representatives will also be available during business hours to answer questions and distribute garbage and recycling cans.

Payments may still be made via drop boxes at City Hall and at the new West Valley City Utility Billing Office.
