**Neighborhood Watch**

## Why Neighborhood Watch?

- GET TO KNOW YOUR NEIGHBORS
- Help reduce crime and undesired behavior
- Be more prepared for emergencies
- Improve your quality of life
- Increase your property values
- Increase your neighborhood and community pride

The key to success in any Neighborhood Watch program is dependent on the participants' willingness to "LOOK OUT FOR EACH OTHER" and the ability of each individual participant to observe, recognize and report suspicious activities. A successful group will come together as a cohesive body of concerned and involved neighbor participants to address the issues and concerns of the entire group. An active group will have meetings and share information with neighbors about safe home, personal and family crime prevention techniques.
