## Winter Is Coming!

The weather is changing quickly and before we know it, snow season will be here. West Valley City Public Works employees work hard to keep our streets clear of snow and ice, and with a little help from our residents, we can make winter driving safer for everyone. Please remember, that when the snow comes this winter, the following rules will help us all:

- Do not park vehicles, boats, trailers or any other personal property on the street, whenever snow is a possibility
- Please do not shovel, blow or push snow from your property into the roadway.
- If you must pile snow at the end of your driveway, be sure to place the snow on the down-stream side of the

drive. When the plow comes down the street, the pile will be carried away from your drive approach.

- Please be patient with our plow drivers. They have large areas, with multiple travel lanes that must be cleared each storm. Main roads are always plowed first, followed by secondary or connecting streets. Subdivisions are plowed next and finally cul-de-sacs and dead ends.
- When you find yourself following plow trucks, please stay back farther than normal. When two or more trucks are plowing in tandem, please do not attempt to pass, this could result in an accident.
- Please understand, that our drivers try to be as careful, as possible, when plowing your street. We strive not to bury sidewalks and driveways but accidents do happen.

If you have any questions, please call 955-3720.
