Mr. Pyle stated the proposed ordinance would clarify procedures for obtaining a sexually-oriented business license and the standards of operation a licensee must follow in order to remain in good standing. The proposed resolution would also clarify and expand requirements that all employees must satisfy before commencing any work for a sexually-oriented business.

The City Manager indicated by adopting the proposed ordinance the City Council would exercise its right to pass ordinances and rules that provided for the health,

safety, morals, and welfare of its citizens and the community at-large, by ensuring sexually-oriented businesses were properly regulated and operated. He explained that previous to the City enacting a moratorium relating to issuance of sexually-oriented business licenses, the City received two applications for licensure of a proposed escort service to be operated within the City. He reported that on both occasions the applications had been denied for failure to meet the existing requirements for obtaining a sexually-oriented business license from West Valley City. He indicated the City recognized the need to expand and clarify the existing ordinance in order to ensure such businesses operated in compliance and the interests of the community, citizens, and the continued economic development of the City were preserved.
